The publisher regrets that the following equation published in the article, “TECHNICAL NOTE: Hyperstatic Method of Photoelasticity,” by D. Rajamohan in *Experimental Mechanics* 48:5, pp. 693-696 has an error. Equation (9) should appear as

$$\bar{\varepsilon}^2 = \frac{4}{3} (\varepsilon_1^2 - \varepsilon_1 \cdot \varepsilon_2 + \varepsilon_2^2) \quad (9)$$
