Erratum to: Environ Sci Pollut Res
DOI:10.1007/s11356-017-9407-5

The original publication of this paper contains a mistake. The equation to calculate the bio-transfer factor of a metal should be read as follows (i.e., the concentration of the metal in fish needs to be divided by the concentration of the metal in water to calculate the bio-transfer factor).

Bio-transfer factor = concentration of the metal in fish / concentration of the metal in water

The authors regret for the errors.
