DOI: 10.1007/s11357-015-9789-6

An incorrect usage of the accent entity has been found in the sub-section “Cell viability assay” of Results. The wrong version as well as the corrected version of the paragraphs are shown below.

Wrong version:

Thus, suggesting that the survival time by 1 week (−16 %) in $Slit2^{-}$, Npy^{-} CGNs compared to untransfected control. It is to be noted that CGNs in untransfected control as well as $A2m^{-}$, $Gna1^{-}$, $Gria1^{-}$, $Masp1^{-}$, $Glb1^{-}$ cells could not survive after 5 weeks and hence was not included in sixth week time point in Fig 6.

Corrected version:

Thus, suggesting that the survival time by 1 week (−16 %) in $Slit2^{-}$, Npy^{-} CGNs compared to untransfected control. It is to be noted that CGNs in untransfected control as well as $A2m^{-}$, $Gna1^{-}$, $Gria1^{-}$, $Masp1^{-}$, $Glb1^{-}$ cells could not survive after 5 weeks and hence was not included in sixth week time point in Fig 6.
