Erratum to: J Neuroimmune Pharmacol 2(4):313–318
DOI 10.1007/s11481-007-9089-8

In the original version of the article, referencing the work of Mykytenko et al. 2007 was in error. Correctly, the Mykytenko study conducted postconditioning immediately after reperfusion using a 30 second algorithm for infarct size measures at 3 or 24 hours after reperfusion.

Reference:

Mykytenko J, Kerendi F, Reeves JG, Kin H, Zatta AJ, Jiang R, Guyton RA, Vinten-Johansen J, Zhao ZQ (2007) Long-term inhibition of myocardial infarction by postconditioning during reperfusion. *Basic Res Cardiol* 102:90–100.
