The Relative Effect of Household and Workplace Smoking Restriction on Health Status Among Chinese Americans Living in New York City

Donna Shelley, Rajeev Yerneni, Dorothy Hung, Dhiman Das,
and Marianne Fahs

The name of the fourth coauthor of this article is Dhiman Das (not Dihman Das).

The sixth sentence of the abstract should read “Nonsmokers who live under a total household smoking ban only or both a total household and total workplace ban were respectively 1.90 and 2.61 times more likely to report better health status compared with those who reported no smoking ban at work or home.” and not “Smokers who live...”
