I hope you are getting off to a good start with 2016! This issue of *TechTrends*, the first issue of 2016, is a special issue sponsored by the Teacher Education Division of AECT. Guest editors Jennifer Banas and Drew Polly have put together a great issue for you. You will find more information about the issue in their Guest Editors' Notes. It was a pleasure working with Jennifer and Drew on this issue and I appreciate all they did over several months to make this issue a reality!

In addition to the special issue content, this issue includes some of our regular columns. Be sure to read From the President, Rethinking Technology & Creativity in the 21st Century, Graduate Member Musings, History Corner, and ICT International. I hope you enjoy the issue!

As always, if you are interested in submitting a manuscript to *TechTrends*, or if you want to be a reviewer, please contact me.
