Erratum to: Ann Univ Ferrara (2007) 53(1):13–28
DOI 10.1007/s11565-007-0002-4

The original version of this article unfortunately contained a mistake.

In page 19, lines 18–19, the sentence “Then the problem (2.1), (3.1), (3.2)” should be changed to “Then the problem (2.1) with $\Gamma(t) = \Gamma(t)\mathbf{h}$ and $\Phi(t) = \int_{\Sigma} \mathbf{h} \cdot \mathbf{V}(\mathbf{x}, t) d\Sigma$ ”

In page 20, line 7, equation “ $\mathbf{V} \equiv \mathbf{V}(\mathbf{x}) = \frac{\Phi}{a_{01}} \varphi_0(\mathbf{x})$ ” should be changed to
“ $\mathbf{V} \equiv \mathbf{V}(\mathbf{x}) = \frac{\Phi}{\mathbf{h} \cdot \mathbf{a}_0} \varphi_0(\mathbf{x})$ ”.

The online version of the original article can be found under doi:[10.1007/s11565-007-0002-4](https://doi.org/10.1007/s11565-007-0002-4).
