Correction to *Metall. Mater. Trans. A*, January 2004, vol. 35A, pp. 352-355.

Discussion of “Precipitation of Austenite Particles at Grain Boundaries during Aging of Fe-Mn-Ni Steel”
by E.A. Wilson.

The following typographical errors have been discovered on page 353 after printing:

- (1) Second line from top of page “until much longer times, $>10\ h^{(2)}$ ”.
- (2) Third line from top of page, should read, “detected as early times *as* 15 seconds 500 °C” *i.e.*, delete $>10\ h^{(2)}$ and insert *as*.
