On page 60, equation (1) should read

$$f_{\theta}(y_{\text{obs}}, y_{\text{mis}}, r) = f_{\theta}(y_{\text{obs}}, r) f_{\theta}(y_{\text{mis}} | y_{\text{obs}}, r).$$

In the fourth line following equation (1), $f_{\theta}(y_{\text{mis}} | y_{\text{mis}}, r)$ should be replaced by $f_{\theta}(y_{\text{mis}} | y_{\text{obs}}, r)$. Equation (2) should read

$$f_{\theta}(y_{\text{obs}}, y_{\text{mis}}, r) = f_{\beta}(y_{\text{obs}}, r) f_{\beta, \Delta}(y_{\text{mis}} | y_{\text{obs}}, r).$$

On page 61, the first line of the model described in Sect. 3.1 should read $Y_1 \sim N(\mu_1, \sigma_1^2)$.
