In the statement of Theorem 3.5, the authors have noticed the following misprint and omission:

- (1) in line 2 of this statement, “ $a_0 \in Y$ ” should read “ $a_{\nu'} \in Y$ ”,
- (2) in line 3 of the statement, “Then $z \in \hat{Y}$ and there exists ...” should read “Then $z \in \hat{Y}$ and conversely, if $z \in \hat{Y} \setminus Y$, then there exists ...”
