Erratum to: Biol Trace Elem Res (2011) 143:163–166
DOI 10.1007/s12011-010-8867-y

The original version of this article unfortunately contained mistakes. The last sentence of the abstract should read “Compared with other populations of the world these values are similar with the exception of the low-selenium-region of China” instead of “Compared with other populations of the world, these levels are amongst the lowest”.

The online version of the original article can be found at <http://dx.doi.org/10.1007/s12011-010-8867-y>.
