DOI 10.1007/s12032-011-0143-2

This paper has been retracted by the editor. Essentially the same paper was published prior to submission to *Medical Oncology* in another journal as “Mansour A, Ali M, Helmy H, Kassim S: Head and neck cancer association to CIAP-2 expression due to human papilloma virus-16 (HPV-16) infection. *Egypt J Biochem Mol Biol* 2011; 29:343–360”. Dr. Mansour submitted the paper to both journals. Both journals accepted the paper and it was therefore published twice.

The online version of the original article can be found under
doi:[10.1007/s12032-011-0143-2](https://doi.org/10.1007/s12032-011-0143-2).
