ERRATUM

Erratum to: Sorafenib versus capecitabine in the management of advanced hepatocellular carcinoma

Omar Abdel-Rahman¹ · Manal Abdel-Wahab¹ · Mohammed Shaker² · Sherif Abdel-Wahab¹ · Mohammed Elbassiony¹ · Mahmoud Ellithy¹

Published online: 26 September 2015
© Springer Science+Business Media New York 2015

Erratum to: Med Oncol (2013) 30:655 DOI 10.1007/s12032-013-0655-z

The authors would like to make changes in the Results section as follows:

- To clarify the sentence in the discussion section: “we additionally recognize the potential confounding factor

of differences in baseline Child class between both arms of the study”.

- Figure 2: There is a typographical error in the age of the patient as it should be 57 and not 69 (born in 1953 and diagnosed in 2010).

The online version of the original article can be found under doi:[10.1007/s12032-013-0655-z](https://doi.org/10.1007/s12032-013-0655-z).
