We apologise for an error in one of the references in this paper.

In the Introduction there is a reference to work from Maria et al. (2013). This is incorrect. The reference is to work by Barreca et al. (2013).

The first sentence of the 4th paragraph of the Introduction should read as follows:

Keeping in view the pharmacological importance of these two pharmacophores, i.e., pyrazole and

1,2-benzothiazine (Fig. 1), we have incorporated both heterocyclic nuclei into one therapeutic unit as pyrazolobenzothiazine. Some derivatives of this ring system are recently reported as inhibitors of HCV replication (Barreca et al. 2013).

The correct reference is as follows:

Barreca ML, Manfroni G, Leyssen P, Winkvist J, Kaushik-Basu N, Paeshuyse J, Krishnan R, Iraci N, Sabatini S, Tabarrini O, Basu A, Danielson UH, Neyts J, Cecchetti V (2013) Structure-based discovery of pyrazolobenzothiazine derivatives as inhibitors of hepatitis C virus replication. *J Med Chem* 56:2270–2282

We apologise for any inconvenience/confusion caused.
