Errata

1. In the Commentary article of Prof. P. Mohanty titled “Prospectives on membrane perceptions of temperature” in PMBP 2008 vol. 14 (3): page 273-275, the author names on the top of second page (274) have been wrongly printed as Atreya and Bhargava instead of Mohanty. Similarly, the short title on the top of the third page (275) has been wrongly printed as “Salt-induced respiration in Bruguiera” instead of “Membrane perceptions of temperature”.
2. In the same issue, PMBP 2008 vol. 14 (3), the guest editorial by V. Sitaramam, S. Bhargava and P. Mohanty has been printed without a page number, due to which it did not appear online.

These errors are regretted.
