ASNC ANNOUNCEMENT

ASNC is pleased to announce the publication of “Variability in Radiation Dose Estimates from Nuclear and Computed Tomography Diagnostic Imaging.” This statement provides a detailed look at how dosimetry estimates are calculated for both nuclear cardiology and computed tomography and offers practical strategies for

minimizing radiation exposure for patients. This document is now available on the Web site of the *Journal of Nuclear Cardiology* at www.onlinejnc.com.

Publication of this document was made possible by the corporate support of Astellas Pharma US, Inc., Cardinal Health, and Covidien.

Electronic supplementary material The online version of this article (doi:[10.1007/s12350-008-9026-0](https://doi.org/10.1007/s12350-008-9026-0)) contains supplementary material, which is available to authorized users.
