Title: Nonlinear Ultrasonic Techniques for Nondestructive Assessment of Micro Damage in Material: A Review

Authors: Kyung-Young Jhang

Int. J. Precis. Eng. Manuf., Vol. 10, No. 1, pp. 123-135, 2009

The errors in parameters of Eq. (6) in page 125 should be corrected as follows:

$$u = u_0 + u' = A_1(kx - \omega t) - A_2 \sin 2(kx - \omega t)$$

The correct form of Eq. (6)

$$u = u_0 + u' = A_1(kx - \omega t) - A_2 \cos 2(kx - \omega t)$$
