During processing of this article, inappropriate changes were made to Table 1 that rendered its content incomprehensible. The correct version of the table is given here.

Table 1 Correlation of the IDAS stages to age determinations of different species to illustrate the transferability of the IDAS system

IDAS	Common use but rarely defined	Schultz (primates)		Knußmann 1988 (humans)	Grau 1970 (racoons)	Goddard 1970 (rhinoceros)
		1935	1960			
0	prenatal			fetus		
1	juvenile	infantile	young	infans I, II		class I-VI
2		juvenile		juvenis		class VII-XI
3	adult	adult	adult	adultus/matures	class I-III	class XII-XVI
4					class IV	class XVII-XVIII
5	senile		old	senilis	class V	class XIX-XX

The online version of the original article can be found under doi:10.1007/s12542-011-0098-9.
