This paper has been retracted because it contains some part of a technical paper entitled: Development prospects of groundwater resources in an Island condition, published on the Proceeding Volume-I on Hydrology & Watershed Management, pp. 98–107, 2006. The corresponding author and the co-authors accepted to withdraw the paper.

The online version of the original article can be found under doi:[10.1007/s12665-011-1199-1](https://doi.org/10.1007/s12665-011-1199-1).
