The Editors-in-Chief of Environmental Earth Sciences are issuing an editorial expression of concern to alert readers that this article (Mohammadi et al. 2016) shows substantial indication of irregularities in authorship during the submission process. The authors suggested peer reviewers whose identity was not possible to verify. This article contains overlap with Khorasanizadeh et al. (2013, 2014), Mohammadi et al. (2014), Shamshirband et al. (2016) (amongst others). All authors disagree with this editorial expression of concern.

The original article can be found online at <https://doi.org/10.1007/s12665-015-4871-z>.
