Erratum to: J Community Genet (2010) 1:23–28
DOI 10.1007/s12687-010-0003-3

In the original paper, the figure parts (a) and (b) in Fig. 1 were inadvertently reversed. Here is the correct figure:

Fig. 1 Graphical representation on an idealized practice of different types of marriage, involving cross-cousin marriage. *Circles indicate females; squares indicate males; different coloring is used to identify prevalent matrilineal (hatched symbols) and patrilineal (solid symbols)*

The online version of the original article can be found at <http://dx.doi.org/10.1007/s12687-010-0003-3>.
