Acknowledgements We are grateful for the contributions of many people who made this research possible. Mark Isken, School of Business, Oakland University, provided a valuable summary of the temperature data. Kevin Kuehn at the University of Southern Mississippi kindly performed the chemical analysis of each litter type. Emily Campbell at Michigan State University provided field assistance. Additional field and logistical support was provided by personnel at the Cordova Ranger District. Sean Mead at the Cordova Ranger District created Figure 1. Joshua Martin at Oakland University helped with processing the litter samples, and the litter-associated invertebrates. Daniel Sniegowski at the University of Central Arkansas identified macroinvertebrates.
