Regrettably, there is an error in the article title. The corrected title is as below and also shown in this erratum:

A de novo 3p13 deletion induced by a complex chromosomal rearrangement combined with a pericentric inversion of chromosome 3, inv(3)(p13q12), and a translocation

between chromosome 3 and 8, t(3;8)(q13.1;q24.2), in a child with developmental delay.

Number 3 should have been inserted after ‘a pericentric inversion of chromosome’ in the originally published article.
