Erratum to: Australasian Plant Dis. Notes
DOI 10.1007/s13314-017-0246-5

The original version of this article unfortunately contained a mistake. The provisional plate (Fig. 1) was published instead of the improved version.

The correct version of the plate is given below.

Fig. 1 *Pseudocercospora eriobotryae* on *Eriobotrya japonica*. **a** Leaf spot symptoms as observed in the field. **b** Infected loquat leaf six weeks after inoculation with *P. eriobotryae* for demonstration of pathogenicity. **c** Conidia. **d** Sporodochium. Bars: 10 µm

The online version of the original article can be found at doi: <http://dx.doi.org/10.1007/s13314-017-0246-5>

The original article was corrected.
