Erratum to: Metallogr. Microstruct. Anal.
DOI 10.1007/s13632-013-0087-3

In the caption for Figure 2(a), BCT- σ should instead be Tetragonal- σ .

Below is the corrected version of the caption:

Fig. 2 (a) XRD patterns of the SS304 target and SS304+0Al coating. While the target shows predominantly the FCC- γ phase, the coating shows the presence of the BCC α -ferrite and Tetragonal- σ phases. (b) Detailed indexing of the XRD pattern of the coating giving the indices of the different diffraction peaks from the α (marked inside rectangles) and σ phases (all other indices)
