Erratum to: Biol Theory DOI 10.1007/s13752-012-0046-2

During production of the above mentioned article two errors were introduced in the final version of the online published article.

The bookmark for the first section should read:
Theory is as Theory does...

The last sentence in footnote 14 should read:

If so, standards for goals may need to be compared and reconciled before legitimacy can be evaluated, and this task harbors its own set of difficulties.

The online version of the original article can be found under doi:[10.1007/s13752-012-0046-2](https://doi.org/10.1007/s13752-012-0046-2).
