1. Article 3(2) of Directive 2001/29/EC of the European Parliament and of the Council of 22 May 2001 on the harmonisation of certain aspects of copyright and related rights in the information society must be interpreted as not precluding national legislation extending the exclusive right of the broadcasting organisations referred to in Article 3(2)(d) as regards acts of communication to the public which broadcasts of sporting fixtures made live on internet, such as those at issue in the main proceedings, may constitute, provided that such an extension does not undermine the protection of copyright.
