The article “Assessing brain immune activation in psychiatric disorders: clinical and preclinical PET imaging studies of the 18-kDa translocator protein”, written by Thalia F. van der Doef, Janine Doorduyn, Bart N. M. van Berckel, and Simon Cervenka, was originally published Online First without open access. After publication in volume 3, issue 6, pages 449–460, the author decided to opt for Open Choice and to make the article an open access

publication. Therefore, the copyright of the article has been changed to © The Author(s) [2015] and the article is forthwith distributed under the terms of the Creative Commons Attribution 4.0 International License (<http://creativecommons.org/licenses/by/4.0/>), which permits use, duplication, adaptation, distribution and reproduction in any medium or format, as long as appropriate credit is given to the original author(s) and the source, a link is provided to the Creative Commons license, and any changes made are indicated.

The original publication has been corrected accordingly.

The online version of the original article can be found under doi:[10.1007/s40336-015-0140-0](https://doi.org/10.1007/s40336-015-0140-0).
