ERRATUM

Erratum to: Mutual Effect of Steelmaking Slag Layer Depth and Diameter on Alkali Elution Rate in Open Channel Vessels with Straightened Seawater Flow

Go Takeuchi¹ · Hironori Tamaki¹ · Md. Azhar Uddin¹ · Yoshiei Kato¹ · Eiji Kiso² · Katsunori Takahashi³

Published online: 16 December 2016
© The Minerals, Metals & Materials Society (TMS) 2016

Erratum to: J. Sustain. Metall.
DOI 10.1007/s40831-016-0107-z

Readers should note that there was an error in Eq. (9) in this article as originally published Online First:

In the right side of the equation,
 $\rho u/\mu$ was given instead of $\rho u d/\mu$
