1 Erratum to: Homo Oecon (2016) DOI 10.1007/s41412-016-0031-2

Unfortunately the original publication contains a misprint in Sect. 4.7, lines 6–7:

Instead of “Thus, for example, for the WVG [51; 48, 48, 2] the smallest isomorphic WVG is [2; 1,1,1].”

it must read “Thus, for example, for the WVG [50; 48, 48, 2] the smallest isomorphic WVG is [2; 1,1,1].”

The online version of the original article can be found under doi:[10.1007/s41412-016-0031-2](https://doi.org/10.1007/s41412-016-0031-2).
