Correction to: Int. j. inf. tecnol.

<https://doi.org/10.1007/s41870-017-0071-2>

The original version of this article unfortunately contained a mistake: The sign “<” was repeatedly used incorrectly in Sect. 4. The correct information is given below.

The original article has been corrected.

Section 4 “Proposed work”, third paragraph should read:

Zone 1: NN are deployed randomly in this zone. This zone has one region which lies between $60 \geq Y \geq 40$ and $100 \geq X \geq 0$.

Zone 2: Zone 2 has NN and AN with two regions lying between $80 \geq Y \geq 60$ and $100 \geq X \geq 0$ & $40 \geq Y \geq 20$ and $100 \geq X \geq 0$.

Zone 3: It consists of only AN scattered over two regions lying between $100 \geq Y \geq 80$ and $100 \geq X \geq 0$ & $20 \geq Y \geq 0$ and $100 \geq X \geq 0$.

The original article can be found online at <https://doi.org/10.1007/s41870-017-0071-2>.
