There are two errors in the formulas in this chapter and the error has been corrected. The errors are below:

- Second line on page 36. The formula $\beta > (\alpha - c) \, P_r + (\alpha - \delta) \, (1 - P_r)$ should be $\beta > (\alpha - c) \, P_r + (\delta - c) \, (1 - P_r)$
- First line on page 37. The formula $((\alpha + \theta - c + \gamma) \, P_r + (\alpha + \theta - \delta) \, (1 - P_r)) > \beta$ should be $(\alpha + \theta - c + \gamma) \, P_r + (\delta + \theta - c + \gamma) \, (1 - P_r) > \beta$
