SAINT ANDREW'S SOCIETY OF THE STATE OF NEW YORK SCHOLARSHIPS, THE CARNEGIE TRUST FOR THE UNIVERSITIES OF SCOTLAND

Andrew Carnegie House, Pittencrieff Street,
Dunfermline, Fife, KY12 8AW, Scotland
Tel: (44) 1383 724990
Fax: (44) 1383 749799
Email: admin@carnegie-trust.org
Website: www.carnegie-trust.org
Contact: Dr Patricia Krus

The Carnegie Trust for the Universities of Scotland administers on behalf of the Saint Andrew's Society of the State of New York Scholarships to students of Scottish descent or birth for study at a university in the US, within a radius of 250 miles from New York City or the Washington DC area.

Saint Andrew's Society of the State of New York Scholarship Fund

Subjects: All subjects.
Purpose: To support advanced study exchanges between the US and Scotland.
Eligibility: Open to newly qualified graduates of a Scottish university or of Oxford or Cambridge. Candidates are required to have a Scottish background. The possession of an Honours degree is not essential. Personality and other qualities will influence the selection.
Level of Study: Postgraduate
Type: Scholarship
Value: Up to US\$20,000 each to cover university tuition fees, room and board and transportation expenses
Length of Study: 1 academic year
Frequency: Annual
Study Establishment: A university within 250 miles of New York City or the Washington DC area
Country of Study: United States of America
No. of awards offered: 2
Application Procedure: Applicants must write for details. Each Scottish university will screen its own applicants and nominate one candidate to go forward to the final selection committee to be held in Edinburgh in April. Oxford and Cambridge applicants should submit applications to the trust.
Closing Date: January 25th
Funding: Private
No. of awards given last year: 2
No. of applicants last year: 7
Additional Information: Only in unusual circumstances will the Society consider other locations. Thereafter, the scholar is expected to spend a little time travelling in the US before returning to Scotland. Applications should be made via the principal of the university attended(ing) in the case of the Scottish universities.

SAMUEL H KRESS FOUNDATION

174 East 80th Street, New York, NY, 10075, United States of America

SCIENCE AND ENGINEERING RESEARCH BOARD

5 & 5A, Lower Ground Floor, Vasant Square Mall, Sector-B, Pocket-5, Vasant Kunj, 110 070, India

Tel: (91) + 11 40000398

Contact: Science and Engineering Research Board

The Science and Engineering Research Board (SERB) is a statutory body established through an Act of Parliament. Supporting basic research in emerging areas of science and engineering are the primary and distinctive mandate of the Board. The Board structure, with both financial and administrative powers vested in the Board, would enable quicker decisions on research issues, greatly improving thereby our responsiveness to the genuine needs of the research scientists and the S&T system.

J C Bose National Fellowship

Subjects: All areas of science.

Purpose: The JC Bose fellowship is awarded to active scientists in recognition for their outstanding performance. The fellowship is scientist-specific and very selective.

Eligibility: The candidate should be an active scientist with a record of outstanding performance apparent from the award of SS Bhatnagar prize and or fellowship of science academies (including engineering, agriculture and medicine). The scientist should be in service at the time of nomination to this fellowship.

Level of Study: Research

Type: Fellowship

Value: The fellowship amount is Rs. 25,000 per month in addition to regular income. Research grant of Rs. 15.00 lakh per annum. Overhead of Rs. 1.00 lakh per annum to the host institute.

Length of Study: 5 years

Additional Information: Selection of JC Bose Fellows will be made periodically (normally twice a year) by a Search-cum-Selection Committee specially constituted for the purpose, as per the broad guidelines of the fellowship scheme.

For further information contact:

Contact: Mr S.S. Kohli, Scientist G

National Post Doctoral Fellowship (N-PDF)

Purpose: The SERB-National Post Doctoral Fellowship (N-PDF) is aimed to identify motivated young researchers and provide them support for doing research in frontier areas of science and engineering. The fellows will work under a mentor, and it is hoped that this training will provide them a platform to develop as an independent researcher.

Eligibility: The applicant should be an Indian citizen. The applicant must have obtained Ph.D/M.D/M.S. degree from a recognized University.

Type: Fellowship

Value: Fellowship: Rs. 55,000 per month (consolidated) and Rs. 35,000 per month for candidates who have submitted the thesis but degree not awarded. Research Grant: Rs. 2,00,000 per annum. Overheads: Rs. 1,00,000 per annum.

Length of Study: Initially for a period of 2 years. In exceptional cases, depending on the progress of research, the fellowship can be extended for 1 more year. There is no provision to extend the tenure beyond 3 years

Country of Study: Hungary

Application Procedure: The application form along with a research proposal highlighting the objectives of the research work to be undertaken should be submitted online through the website www.serbonline.in.

Additional Information: The call for applications for SERB-N PDF will be notified twice a year through the websites www.serbonline.in and www.serb.gov.in. For details one may visit <http://serbonline.in/SERB/npdf>.

Prime Minister's Fellowship Scheme for Doctoral Research

Subjects: Science, Technology, Engineering, Agriculture or Medicine.

Purpose: To conduct scientific and industrial research.

Level of Study: Research

Type: Fellowship

Value: Rs. 6 lakh per annum

Length of Study: 4 years

Frequency: Annual

Country of Study: India

No. of awards offered: 100

Application Procedure: Application Form is to be filled only through the web portal www.primeministerfellowshipscheme.com.

Closing Date: Anytime within 14 months from registration/admission in PhD

Funding: Government

Contributor: Department of Science & Technology (DST) and Science & Engineering Research Board (SERB) with The Confederation of Indian Industry (CII)

Additional Information: For online applications, visit website: www.primeministerfellowshipscheme.com.

Ramanujan Fellowship

Subjects: All areas of science.

Purpose: The fellowship is meant for brilliant scientists and engineers from all over the world to take up scientific research positions in India, that is, for those scientists who want to return to India from abroad. The fellowships are scientist-specific and very selective. The Ramanujan Fellows could work in any of the scientific institutions and universities in the country and they would be eligible for receiving regular research grants through the extramural funding schemes of various S&T agencies of the Government of India.

Level of Study: Postdoctorate

Type: Fellowship

Value: Rs. 85,000 per month and in addition a Research Grant of Rs. 7.00 lakh per annum

Length of Study: 5 years

Application Procedure: Visit website <http://www.serb.gov.in> for further details.

Funding: Government

Additional Information: Ramanujan Fellowship are only for those candidates who are doing Post Doctoral abroad and not for the people who already have a permanent position in a scientific organization in the country.

For further information contact:

Contact: Mr S.S. Kohli, Scientist G

SERB Distinguished Fellowship

Purpose: In order to support research of eminent scientists who do not hold any administrative roles and functions but are active and performing, SERB has instituted Distinguished SERB Fellowship Award.

Eligibility: Superannuated scientist who is active in research. Must have received recognition for his/her work from National and/or International scientific bodies.

Level of Study: Research

Type: Fellowship

Value: A research grant of Rs. 5 lakhs per annum and a fellowship amount of Rs. 60,000 per month will be given to each fellow

Country of Study: India

Application Procedure: Call for nomination is made from time to time. Nominations are accepted only when the call is made.

Funding: Government

SERB Overseas Postdoctoral Fellowship (OPDF)

Subjects: Materials, Energy, Sustainable Chemistry, Quantum Computing and Spintronics, Complex systems, Theoretical Mathematical Science, Big Data, Mechanobiology/Physical Biology, Bio-energy, Genetic to Physiology, Mental Health, High Performance Computation in Physics, Chemistry, Biology and Mathematics, Humanoid Robotics, Cognitive Science, Mechnotronics, Advanced Manufacturing, Cyber security, Encryption and decryption, Petroleum and Petro-Chemical Engineering, Science of Climate Change, Glaciology, Modeling, Imaging, Algorithms and Combinatorial Optimizations Application.

Purpose: SERB Overseas Postdoctoral fellowship (SERB-OPDF) aims to build national capacity in frontier areas of Science and Engineering, which are of interest to India by providing postdoctoral fellowship.

Eligibility: The applicant should have completed PhD degree in science and engineering not earlier than the preceding 2 years from recognized institutions in India. For researchers who are in regular employment, the 2 years period may be relaxed.

Type: Fellowship

Length of Study: 1 year, extendable to 1 more year subject to good performance

Application Procedure: The format, guidelines and other details of the SERB-OPDF Program details are also available at www.dst.gov.in.

Additional Information: The programme admits candidates in identified areas and sends them to top institutions around the globe, other than USA and also to institutions where internationally acclaimed scientists are working.

SERB Women Excellence Award

Purpose: SERB Women Excellence Award is a one-time award given to women scientists below 40 years of age and who have received recognition from any one or more of the following national academies such as Young Scientist Medal, Young Associate etc.

Level of Study: Research

Type: Award

Value: Rs. 5.00 lakh per annum

Length of Study: 3 years

Application Procedure: A copy of the proposal (in one file in PDF) may also be sent by email to: doyiltv@nic.in.

Funding: Government

Additional Information: The call for proposals will be notified through the website annually. Women Scientists who have received the award earlier are not eligible to apply again.

SCIENCE AND TECHNOLOGY FACILITIES COUNCIL (STFC)

Polaris House, North Star Avenue, Wiltshire,
Swindon, SN2 1SZ, England
Tel: (44) 01793 442 000
Fax: (44) 01793 442 002
Email: enquiries@stfc.ac.uk
Website: www.stfc.ac.uk

STFC is keeping the UK at the forefront of international science and tackling some of the most significant challenges facing society such as meeting our future energy needs, monitoring and understanding climate change, and global security. The Council has a broad science portfolio and works with the academic and industrial communities to share its expertise in materials science, space and ground-based astronomy technologies, laser science, microelectronics, wafer scale manufacturing, particle and nuclear physics, alternative energy production, radio communications and radar.

Daphne Jackson Fellowships

Subjects: Particle physics, particle astrophysics, solar system science and astronomy.

Purpose: To enable high-level engineers and scientists to return to their professions after a career break for family or other reasons.

Eligibility: Open to promising engineers and scientists who have taken a career break.

Level of Study: Research, Postdoctorate

Type: Fellowship

Value: Fellowship will be financed by your sponsor and/or host institution. Please refer to the website for more details: www.daphnejackson.org/fellowships/funding/

Length of Study: 2 years

Frequency: Annual

Study Establishment: Any academic institution acceptable to the PPARC

Country of Study: United Kingdom

No. of awards offered: Varies

Application Procedure: Applicants must contact Jennifer Woolley, Trust Director, or Sue Smith, Fellowship Administrator, for application forms and further information.

Closing Date: Please write for details

Funding: Government

Additional Information: Please refer to the website for more details: www.daphnejackson.org/fellowships/applicationprocess/

For further information contact:

The Daphne Jackson Trust, Department of Physics, University of Surrey, Guildford, Surrey, GU2 7XH, England

Tel: (44) 01483 689166

Website: www.daphnejackson.org/fellowships/

Industrial CASE Studentships

Subjects: Science and engineering.

Purpose: To give promising students experience outside a purely academic environment.

Eligibility: Advice on eligibility should be sought from the Registrar's Office.

Level of Study: Postgraduate

Type: Studentship

Value: An annual cash contribution to the academic partner towards the cost of the project of at least £1,400 per year, for the period during which research data are being collected and analysed – a minimum of 80 per cent of the approved length of the studentship. A mandatory cash payment of at least £2,500 per year as a supplement to the stipend awarded by MRC for the entire length of the studentship award. This requirement may be increased by MRC during the course of the project

Length of Study: 3.5 years

Frequency: Annual

Country of Study: United Kingdom

Application Procedure: Contact the PPARC.

Closing Date: July 8th

Funding: Commercial

Additional Information: Please check at www.mrc.ac.uk/skills-careers/studentships/how-we-fund-studentships/industrial-case-studentships/ for more information.

Industrial CASE-Plus Studentship

Subjects: Science and engineering.

Purpose: To help students become more effective in promoting technology transfer.

Eligibility: Advice on eligibility should be sought from the Registrar's Office.

Level of Study: Postgraduate

Type: Studentship

Value: Up to £14,250

Length of Study: 3.5 years

Frequency: Annual

Country of Study: United Kingdom

Application Procedure: The Call opens May. Proposals may be submitted up to the closing date of July for awards to start in October. Proposals should be submitted by a supervisor from a Research Organization eligible to be the academic partner through the Je-S system.

Funding: Commercial

Additional Information: Please check at www.stfc.ac.uk/funding/studentships/types-of-postgraduate-studentship/ OR contact to studentships@stfc.ac.uk for more information.

PPARC Advanced Fellowships

Subjects: Particle physics, astronomy and solar system science.

Level of Study: Postdoctorate

Type: Fellowship

Value: Advanced Fellowships provide funds to cover the Fellow's salary, the costs of personal travel associated with the fellowship and some minor equipment costs.

Frequency: Annual

Country of Study: United Kingdom

No. of awards offered: 12

Application Procedure: Applications for a PPARC Fellowship must be submitted using the Je-S system.

Closing Date: October 13th

Additional Information: You may undertake up to a maximum of six hours teaching, including preparation each working week.

For further information contact:

Email: Clare.Heseltine@pparc.ac.uk

Contact: Clare Heseltine

PPARC Gemini Studentship

Subjects: Astronomy.

Purpose: To enable promising South-American students to pursue a PhD in Great Britain.

Eligibility: Open to students from Argentina, Brazil or Chile only.

Level of Study: Doctorate

Type: Fellowship

Value: Agreed tuition costs and a maintenance allowance

Length of Study: 3 years

Frequency: Annual

Country of Study: United Kingdom

No. of awards offered: 3

Application Procedure: See website.

Closing Date: March 31st

Additional Information: Please check the website for further details www.prospects.ac.uk/funding_award_details.htm?id=569.

PPARC Postdoctoral Fellowships

Subjects: Particle physics, astronomy and solar system science.

Level of Study: Postgraduate

Type: Fellowship

Value: All agreed salary, travel and subsistence, equipment, additional costs, and UK£1,500 stipend

Frequency: Annual

Country of Study: United Kingdom

No. of awards offered: 12

Application Procedure: Applications for a PPARC Fellowship must be submitted using the Je-S system.

Closing Date: October 15th

Additional Information: The Postdoctoral Fellowships scheme has not made any new awards since the 2009/10 round.

Spanish (IAC) Studentship

Subjects: Astronomy.

Purpose: To support students of the Instituto de Astrofísica de Canarias (IAC), Tenerife, Spain pursuing a PhD in Great Britain.

Eligibility: Open to Spanish students of the Instituto de Astrofísica de Canarias (IAC) only.

Level of Study: Doctorate

Type: Studentship

Value: Agreed tuition costs and a maintenance allowance

Length of Study: 3 years

Frequency: Annual

Country of Study: United Kingdom

No. of awards offered: 2

Closing Date: March 31st

Additional Information: Please check at www.stfc.ac.uk/funding/studentships/types-of-postgraduate-studentship/ for more information.

STFC Postgraduate Studentships

Subjects: Particle physics, particle astrophysics, solar system science and astronomy.

Eligibility: Open to postgraduates from the U.K. and EU countries. All studentship projects supported through STFC funding must fall within STFC remit.

Level of Study: Postgraduate

Type: Studentship

Value: Stipend (excluding fees only students), approved fees, Research Training Support Grant, Conference and U.K. fieldwork element, Fieldwork expenses, Long Term Attachments, Other Allowances (where applicable).

Length of Study: Up to 3 years

Frequency: Annual

Country of Study: United Kingdom

No. of awards offered: Approx. 185

Closing Date: March 31st

Funding: Government

Additional Information: Please check at www.stfc.ac.uk/funding/studentships/types-of-postgraduate-studentship/ for more information.

SCIENCE FOUNDATION IRELAND

Wilton Park House, Wilton Place, Dublin 2, Ireland

Tel: (353) 1 607 3200

Fax: (353) 1 607 3201

Email: info@sfi.ie

Website: www.sfi.ie

Contact: Professor Mark W. J. Ferguson, Director

Science Foundation Ireland funds oriented basic and applied research in the areas of science, technology, engineering and mathematics (STEM), which promotes and assists the development and competitiveness of industry, enterprise and employment in Ireland. SFI will build and strengthen scientific and engineering research and its infrastructure in the areas of greatest strategic value to Ireland's long-term competitiveness and development.

President of Ireland Young Research Award (PIYRA)

Subjects: Science, technology, engineering, and mathematics.

Purpose: The purpose of the PIYRA programme is to recruit and retain outstanding early career investigators with leadership potential. Its aim is to enable those at an earlier career stage who already hold permanent academic positions to advance their careers and build up their research teams and activities; to allow researchers in temporary positions to advance their careers and provide them with enhanced opportunities to move into a permanent academic position; to enable the award holder, together with his/her team, to carry out their work in Ireland's public research bodies; to offer funding opportunities that help third-level institutions attract and develop researchers and their careers; to allow earlier-career investigators of all nationalities to enhance their experience in Irish HEIs and to allow those employed outside of Ireland to return to work in an Irish HEI.

Eligibility: The lead applicant must have completed a minimum of 36 months of active postdoctoral research. The lead applicant must have been awarded a PhD or MD within the last 8 years, in the normal case, or up to a maximum of 12 and a half years for applicants who have taken documented eligible leave, as described below. The lead applicant has an exceptional record of internationally recognized independent research accomplishments for their career stage. The lead applicant must be an individual who will be recognized by the research body upon receipt of the SFI grant as an independent investigator who will have an independent office and research space at the host research body for which he/she will be fully responsible for at least the duration of the SFI grant.

Level of Study: Research

Type: Grant

Value: Up to €1,000,000 of total value (inclusive of the host institution contribution) in direct costs

Length of Study: Up to 5 years

Study Establishment: Host Research Bodies must be situated in the Republic of Ireland. Research Bodies will include Universities, Institutes of Technology and independent not-for-profit public research organizations that receive a significant share of their total funding from public sources

Country of Study: Ireland

Application Procedure: Applicants are invited to submit the following documentation: expression of Interest and if invited to do so after the Expression of Interest evaluation stage; full proposal. Application must be submitted via an eligible research body. Application must be submitted online via SESAME.

Closing Date: Rolling call. Closes by December 21st

Funding: Government

Contributor: Science Foundation Ireland

SFI Career Development Award (CDA)

Subjects: Science, technology, engineering and mathematics.

Purpose: The SFI Career Development Award (CDA) aims to support early- and mid-career researchers who already hold a salaried, independent research post and who are looking to expand their research activities. Its aim is to support excellent scientific research that has potential economic and societal impact; to enable those at an earlier career stage who already hold permanent academic positions to advance their careers and build up their research teams and activities; to allow researchers in temporary positions to advance their careers and provide them with enhanced opportunities to move into a permanent academic position; to provide the support and infrastructure to carry out novel research in areas that underpin SFI's legal remit; to enable the award holder, together with his/her team, to carry out their work in Ireland's public research bodies, including Universities and Institutes of Technology; to offer funding opportunities that help third-level institutions attract and develop researchers and their careers; to allow earlier-career investigators of all nationalities to enhance their experience in Irish HEIs.

Eligibility: The applicant will be a researcher with 3–15 years of relevant experience beyond the award of their doctoral degree, who at the time of application will be either in a permanent, full-time academic position (either within the institution at which they wish to base their CDA-funded research or another elsewhere in Ireland or overseas), or employed on a temporary (fixed-term) contract where it is evident that the role being carried out is an independent research position (i.e., Postdoctoral Research Associates (or equivalent) or Research Fellows working under the guidance of a supervisor and who have never held an independent position are not eligible to apply to the CDA Programme).

Level of Study: Research

Type: Award

Value: Between €300,000 and €500,000 direct costs

Length of Study: 4 years

Frequency: Every 2 years

Study Establishment: Host Research Bodies must be situated in the Republic of Ireland. Research Bodies will include Universities, Institutes of Technology and independent not-for-profit public research organizations that receive a significant share of their total funding from public sources

Country of Study: Ireland

No. of awards offered: Varies

Application Procedure: Application must be submitted via an eligible research body. Application must be submitted online via SESAME (www.sfi.ie/funding/award-management-system).

Closing Date: December 10th (subject to change, please consult call document)

Funding: Government

Contributor: Science Foundation Ireland

No. of awards given last year: 20

Additional Information: Please write to cda@sfi.ie for further information.

SFI Investigator Programme

Subjects: Science, technology, engineering and mathematics that demonstrably support and underpin enterprise competitiveness and societal development in Ireland.

Purpose: To fund scientific research projects of excellence in focused areas. To build capacity, expertise and relationships so as to enable researchers to compete in future SFI Research Centre Programmes or in other funding programmes such as ERC and Horizon 2020. To encourage researchers to build capacity, expertise, collaborations and relationships in areas of strategic economic importance through themed calls. To facilitate partnerships with other agencies. To support collaborations and partnerships between academia and industry.

Eligibility: The lead applicant and any co-applicant(s) must hold a PhD/MD or equivalent for at least 5 years by the proposal deadline. The lead applicant and any co-applicant(s) are required to have demonstrated that they are each senior author on at least 10 international peer reviewed articles. The lead applicant and any co-applicant(s) are required to have demonstrated research independence through securing at least one independent research grant as a lead investigator or as co-investigator.

Level of Study: Research

Type: Grant

Value: €400,000–2,500,000 per year

Length of Study: 3–5 years

Frequency: Annual

Study Establishment: Host Research Bodies must be situated in the Republic of Ireland. Research Bodies will include Universities, Institutes of Technology and independent not-for-profit public research organizations that receive a significant share of their total funding from public sources

Country of Study: Ireland

No. of awards offered: Varies

Application Procedure: Application must be submitted via an eligible research body. Application must be submitted online via SESAME (www.sfi.ie/funding/award-management-system).

Closing Date: June 26th (subject to change, please consult call document)

Funding: Government

Contributor: Science Foundation Ireland

No. of awards given last year: 40

For further information contact:

Email: investigators@sfi.ie

Website: www.sfi.ie/funding/funding-calls/open-calls/investigators-programme-2014.html

Starting Investigator Research Grant (SIRG)

Subjects: Science, technology, engineering and mathematics.

Purpose: The SIRG programme supports excellent postdoctoral researchers who wish to take steps towards a fully independent research career. Aims: to support excellent scientific research that has potential economic and societal impact. To enable those at an early career stage to establish themselves as independent researchers; to provide the support and infrastructure to carry out novel research in areas that underpin SFI's legal remit; to gain important experience towards a full-time academic position, including the supervision of the postgraduate student supported by the award; to enable the award holder, together with his/her postgraduate student, to carry out their work in Ireland's public research bodies, including Universities and Institutes of technology; to offer funding opportunities that help third-level institutions attract and develop researchers and their careers; to allow early-career investigators of all nationalities to enhance their experience in Irish HEIs; to allow early-career investigators who have been employed outside of Ireland to return to work in an Irish HEI.

Eligibility: The applicant will be a researcher with between 3 and 8 years of relevant experience beyond the award of their doctoral, who is currently employed as a Postdoctoral Research Associate (or equivalent) or a Research Fellow under the guidance of a named supervisor, and who has never previously held an independent research position of any kind where they were primarily responsible for a research team and its financial support. Allowances will be made for documented leave, including maternity leave, paternity leave, parental leave, military service, sick/disability leave and carer's leave.

Level of Study: Research

Type: Grant

Value: Up to €400,000 direct costs

Length of Study: 4 years

Frequency: Every 2 years

Study Establishment: Host Research Bodies must be situated in the Republic of Ireland. Research Bodies will include Universities, Institutes of Technology and independent not-for-profit public research organizations that receive a significant share of their total funding from public sources

Country of Study: Ireland

Application Procedure: Application must be submitted via an eligible research body. Application must be submitted online via SESAME.

Closing Date: November 26th (subject to change, please consult call document)

Funding: Government

Contributor: Science Foundation Ireland

No. of awards given last year: 20

SCIENCES PO

rue Saint Guillaume, PARIS, 75337, France

Tel: (33) + (0) 1 45 49 50 50

Contact: Sciences Po - 27

Sciences Po, or Paris Institute of Political Studies, is a selective university located in Paris, France. Its main campus is located on rue Saint-Guillaume in the 7th arrondissement.

David Gritz Scholarship

Purpose: The David Gritz Scholarship is meant to attract undergraduate and graduate Israeli citizens who wish to study at Sciences Po.

Eligibility: The scholarship is awarded every year to 1 Israeli citizen. The candidates must be admitted to an undergraduate or a masters programme or have submitted an application for admission to Sciences Po.

Level of Study: Postgraduate

Type: Scholarship

Value: \$10,000 per year

Length of Study: 1 year

Country of Study: France

No. of awards offered: 1

Application Procedure: Applicants must send the forms to caterina.sabbatini@sciencespo.fr.

Closing Date: June 1st

Contributor: Sciences Po Foundation

Additional Information: For more details contact Caterina Sabbatini-Clec'h, caterina.sabbatini@sciencespo.fr.

Emile Boutmy Scholarships

Subjects: Masters programme offered at the University.

Purpose: Sciences Po created the Emile Boutmy Scholarships after the founder of Sciences Po in order to attract the very best international students from outside of the European Union who are first time applicants and who have been admitted to an undergraduate or master's programme offered at the University.

Eligibility: Non-EU international students. This scholarship is awarded based on factors of excellence and according to the type of profile sought for this programme. Social criteria are also taken into account.

Level of Study: Postgraduate

Type: Scholarship

Value: From €5,000 to €16,000 for 2 years of the master's programme

Length of Study: 2 years

Frequency: Annual

Country of Study: France

No. of awards offered: Not specified

Application Procedure: It is important to visit the official website to access the application form and for detailed information on how to apply for this scholarship.

Closing Date: May 2nd

Contributor: Sciences Po Foundation

Additional Information: For more details, please visit official scholarship website: <http://formation.sciences-po.fr/en/contenu/the-emile-boutmy-scholarship>.

KSP Excellence Scholarship for Arab Students

Purpose: The KSP Excellence Scholarship for Arab students intends to support the next generation of leaders and experts coming from the Arab World and the Gulf Region who specialize in the broad field of international affairs. The current call for applications is dedicated to graduate students admitted to the Paris School of International Affairs of Sciences Po (PSIA).

Type: Scholarship

Value: 2-year master's programme: €10,000 per year (up to €20,000 for 2 years of study). 1-year master's programme: €19,000 for 1 year of study

No. of awards offered: 1 of PSIA's 2-year master programmes and 1-year master in advanced global studies

Application Procedure: To apply, please send the following materials by email to program.kuwait@sciencespo.fr with 'KSP Excellence Scholarship Application 2016' in the subject line.

Closing Date: January 10th

KSP Excellence Scholarship for Least Developed Countries

Subjects: Any field of study.

Purpose: The KSP Excellence Scholarship for Least Developed Countries is directed to outstanding students, covering full tuition.

Level of Study: Postgraduate

Type: Scholarship

Value: Each recipient is awarded full tuition each year

Frequency: Annual

Country of Study: France

Application Procedure: To apply, please send the following materials by email to program.kuwait@sciencespo.fr with 'KSP Excellence Scholarship LDC Application 2016' in the subject line.

Closing Date: January 10th

Contributor: Sciences Po and the Kuwait Foundation for the Advancement of Sciences (KFAS)

KSP Fund for Innovative Projects

Purpose: The KSP Fund for Innovative Projects supports extra-curricular student-led initiatives taking place in countries of the Arab World and the Gulf Region. It is aimed at fostering innovation and providing funding for the realization of creative ideas benefiting the region in all sectors.

Level of Study: Postgraduate

Value: €5,000–€10,000

Application Procedure: To apply, please send the following materials with 'KSP Fund for Innovative Projects' in the subject line, by email to the Kuwait Program Assistant at: fatima.iddahamou@sciencespo.fr.

Closing Date: February 28th

Additional Information: Proposed projects must take place in a country of the Arab World or the Gulf Region. For further details, please contact Kuwait Program Assistant, Fatima Iddahamou: fatima.iddahamou@sciencespo.fr www.sciencespo.fr.

KSP Joint Research Projects 2017–2018

Subjects: Social sciences and humanities.

Purpose: KSP Joint Research Projects are funded by the Kuwait Program at Sciences Po to foster research links between faculty members at Sciences Po and in Kuwait, in the interest of building a unique scholarly network.

Level of Study: Research

Value: Up to €50,000

Length of Study: 1 year

No. of awards offered: Not specified

Application Procedure: Application files should be sent to the Kuwait Program Manager at: mariezenaide.jolys@sciencespo.fr.

Closing Date: October 31st

Funding: Foundation

Contributor: Sciences Po and the Kuwait Foundation for the Advancement of Sciences (KFAS)

Additional Information: For details, please check the website: www.sciencespo.fr/psia/kuwait-program.

KSP Mobility Grant – Spring 2017

Purpose: The KSP Mobility Grant programme supports projects of Sciences Po students in countries of the Arab World and the Gulf Region with the objective of enhancing their experience in the region.

Eligibility: Sciences Po students of all nationalities may apply.

Student projects must take place in a country of the Arab World or the Gulf Region.

Level of Study: Postgraduate, Research

Type: Grant

Value: Up to €5,000 per year

Frequency: Annual

No. of awards offered: Not specified

Application Procedure: To apply, please send the following materials to the Kuwait Program Assistant, Fatima Iddahamou, at: fatima.iddahamou@sciencespo.fr with 'KSP Mobility Grant Application Spring 2017' in the subject line.

Closing Date: October 31st

Additional Information: For details, please contact Kuwait Program Assistant, Fatima Iddahamou: fatima.iddahamou@sciencespo.fr.

KSP Visiting Faculty Program

Subjects: Social sciences and humanities.

Purpose: The KSP Visiting Faculty program offers 1-semester teaching opportunities at the Paris School in International Affairs of Sciences Po (PSIA) for leading specialists of the Arab World and the Gulf Region.

Eligibility: This opportunity is open to both professors and practitioners, specialists of the Arab World and the Gulf Region. Individuals of all nationalities may apply.

Value: €20,000 Euros and travel allowance of up to €1,500

Country of Study: Any country

No. of awards offered: 2

Application Procedure: To apply, please send the application in English to the Kuwait Program Manager by email at:

mariezenaide.jolys@sciencespo.fr.

Closing Date: January 31st

Additional Information: For more information, please visit the Kuwait Program website or contact the Kuwait Program Manager by email at: mariezenaide.jolys@sciencespo.fr.

THE SCIENTIFIC AND TECHNOLOGICAL RESEARCH COUNCIL OF TURKEY

Tunus Caddesi No: 80, 06100, Ankara, Kavaklıdere, Turkey

Tel: (90) 0312 468 5300

Website: www.tubitak.gov

TÜBİTAK Research Fellowship Programme for Foreign Citizens in Turkey

Subjects: Natural sciences, engineering and technological sciences, medical sciences, agricultural sciences, social sciences and humanities.

Purpose: The program aims to promote Turkey's scientific and technological collaboration with countries of the prospective researchers.

Eligibility: Applicants should be non-Turkish citizens. Applicants who hold dual citizenship with Turkey are not eligible to apply. Applicants should have an invitation from the universities or research institutes in Turkey. Applicants should certify that they have sufficient command of the language to perform their research. Applicants must be 35 years old or younger. Applicants should be enrolled in a program abroad for PhD students. Applicants who hold a PhD degree in Turkey should have a GPA minimum of 3.50/4.00.

Type: Fellowship

Value: A monthly stipend of 2.250 Turkish Liras. Travel costs (round trip up to 2,250 Turkish Liras) and Health insurance premiums (up to 2,250 Turkish Liras). If approved by TÜBİTAK Department of Science Fellowships and Grant Programs (BİDEB) Steering Committee, travel costs and health insurance for the fellow may be partially covered

Length of Study: Maximum duration for the fellowship is 12 months

Application Procedure: All applications must be submitted electronically via TÜBİTAK scholarship application portal, which can be reached at <http://e-bideb.tubitak.gov.tr/>. All accompanying required documents must also be uploaded electronically. In order to complete the application process, applicants must approve their applications by 17.30 pm on the application deadline.

Closing Date: October 19th

Additional Information: For further information, please visit www.tubitak.gov.tr/en/funds/academy/international-researchers-fellowship-programmes/2216/content-e-application.

SCOTTISH RITE CHARITABLE FOUNDATION OF CANADA (SRFC)

4 Queen Street South, Hamilton, ON, L8P 3R3, Canada

Tel: (1) 905 522 0033

Fax: (1) 905 522 3716

Email: info@srcf.ca

Website: www.srcf.ca

Contact: Manager Information Services

The Scottish Rite Charitable Foundation of Canada (SRFC) is a private charitable foundation, funded by donations and bequests from the 26,000 members of the ancient and accepted SRFC. The SRFC labours for the benefit of all Canadians, regardless of race or creed. Over the years millions of dollars have been disbursed to assist dedicated researchers in a search for the causes and cure of intellectual impairment.

SRFC Graduate Student Research Awards

Subjects: Health and medical sciences.

Purpose: To support students registered in a Doctoral research programme focused on the physical-biological or social aspects of intellectual impairment.

Eligibility: Open to candidates who are enrolled in a Doctoral programme at a Canadian university or research hospital. Applicants must be citizens or a permanent resident of Canada.

Level of Study: Doctorate

Type: Research award

Value: Up to Canadian \$10,000

Length of Study: 2 years

Frequency: Annual

Country of Study: Canada

Application Procedure: Application package consists of the application form and application guide. Application form is available online.

Closing Date: April 30th

Funding: Foundation

SRFC Major Research Grant for Biomedical Research into Intellectual Impairment

Subjects: Health and medical sciences.

Purpose: To support biomedical research into intellectual impairment.

Eligibility: Open to researchers who have or are offered at least a 3 year academic appointment at a Canadian university or research hospital. Applicants must be Canadian citizens or permanent resident.

Level of Study: Research

Type: Research grant

Value: Canadian \$35,000

Length of Study: Up to 3 years

Country of Study: Canada

No. of awards offered: 10

Application Procedure: Applicants must submit their application form and research proposal.

Closing Date: April 30th

Funding: Foundation

Additional Information: The focus of research should be on the causes and cure of the disease as opposed to the active treatment or palliative care.

The IHR is an important resource and meeting place for scholars from all over the world. It contains an outstanding open access library, runs courses and major conferences, offers research fellowships and other awards and produces many significant research aids and tools.

Economic History Society Research Fellowships

Subjects: Economic and social history.

Purpose: To help candidates at an advanced stage of a PhD to complete their doctorates or to fund 1 year of postdoctoral study in history.

Eligibility: Open to postdoctoral candidates who have recently completed a doctoral degree in economic or social history or to graduates who are engaged in the completion of a doctoral degree in economic or social history and who have completed 2 years, but not more than 4 years of full-time or 8 years part-time research on their chosen topics. Fellowships are open to citizens of the UK or to candidates with a degree from a university in the UK.

Level of Study: Doctorate, Postdoctorate

Type: Fellowship

Value: £13,590 (affiliated to institutions outside London); £15,590 (affiliated to London-based institutions)

Length of Study: 1 year

Frequency: Dependent on funds available

Study Establishment: An institute of historical research

Country of Study: England

No. of awards offered: Up to 5

Application Procedure: Applicants must complete an application form, available from the Fellowship Officer in early January.

Closing Date: April 13th

Funding: Foundation

Contributor: The Economic History Society

No. of awards given last year: 3

Scouloudi Historical Awards: Research Awards

Subjects: History or a related subject.

Purpose: To provide subsidies towards the cost of publishing a book or article in the field of history, incorporating an academic thesis or other scholarly work already accepted by a reputable publisher or learned journal or to pay for special expenses incurred in the completion of advanced historical work such as the cost of fares and subsistence during visits to libraries or record repositories.

Eligibility: Open to graduates of U.K. universities who possess a relevant Honours degree, or U.K. citizens with a similar qualification from a university outside the UK. These awards are not made for study or research towards a postgraduate qualification, e.g. work on thesis for higher degrees.

Level of Study: Postgraduate

Type: Varies

Value: Up to £1,000

Frequency: Dependent on funds available, Publication

Study Establishment: None

Country of Study: Any country

No. of awards offered: Varies

Application Procedure: Applicants must complete an application form.

Closing Date: March 11th

Funding: Private

Contributor: The Scouloudi Foundation

SDA BOCCONI

School of Management - via Bocconi, 8, Milano, 20136, Italy

Website: www.sdabocconi.it/en

Contact: Oriana Ghinato, Secretary

SDA School of Management enjoys recognition as a leading management school at an international level. Its mission is to educate men and women to be ready to act anywhere in the world, using their knowledge and imagination.

MPM Partial Tuition Fee Waivers

Subjects: Master of Public Management (MPM) is described as an MBA but focused on the international public sector. MPM is designed to prepare individuals for careers in Governmental organizations, international institutions, NGOs and private businesses working with the public sector. The MPM programme provides a learning

environment for participants from all 5 continents and is taught entirely in English.

Purpose: To provide partial tuition fee waivers for deserving candidates.

Eligibility: The MPM is open to candidates from different backgrounds and age groups. However, candidates with a background/interest in political science or international affairs will get the most from the MPM. Work experience is preferred but not essential.

Level of Study: Postgraduate

Type: Scholarship

Length of Study: 1 year

Frequency: Annual

Study Establishment: SDA Bocconi, Bocconi University, Milan

Country of Study: Italy

Application Procedure: Applicants must send a completed application form which is available online at www.sdabocconi.it/mpm along with a curriculum vitae, transcripts of the GMAT/GRE/TOEFL (or other) scores, 2 reference letters and 4 passport size photographs, in a sealed envelope, to the course Secretary.

Closing Date: July (check the website)

Additional Information: MPM operates a rolling application process. Applications are assessed until the course is full. Candidates whose mother tongue is English or who have studied in institutions where the medium of instruction is English may request a waiver for the English language certificate such as TOEFL (or other).

SEMICONDUCTOR RESEARCH CORPORATION (SRC)

PO Box 12053, Research Triangle Park, NC, 27709 2053, United States of America

Tel: (1) 919 941 9400

Fax: (1) 919 941 9450

Email: students@src.org

Website: www.src.org

Contact: Sarah Jackson, Program Officer

The Semiconductor Research Corporation (SRC) is a consortium of about 60 semiconductor manufacturers and equipment makers. The SRC manages a research portfolio in major research universities throughout the world. At any given time it supports about 700 advanced degree students on contract research, 45 graduate Fellows and 15 Master's scholars. The SRC supports a pragmatic approach to developing student programmes and provides industry interactions and other opportunities for its students.

GRC Graduate Fellowship Program

Subjects: Electrical engineering, computer engineering, chemical engineering, mechanical engineering, materials science, physics and related areas.

Purpose: To support academically gifted doctoral students in research areas consistent with SRC goals.

Eligibility: Open to Doctorate students with academic excellence and depending on the candidate's contribution to the field. Recipients are required to be associated with an SRC-funded contract.

Level of Study: Doctorate

Type: Fellowship

Value: Please contact the organization

Length of Study: Up to 5 years or until completion of degree, whichever comes first

Frequency: Annual

Study Establishment: Universities having SRC-funded contracts.

See src.org for details

Country of Study: United States of America

No. of awards offered: 5

Application Procedure: Applicants must compute an application form. Applications are distributed through SRC-funded faculty in November and are due in early February. Application materials are also available at www.src.org.

Closing Date: February 15th

Funding: Commercial

Contributor: The semiconductor industry

No. of awards given last year: 9

No. of applicants last year: 100

Additional Information: Resources are available to assist qualified students in identifying suitable faculty with SRC-supported research. SRC contracts support precompetitive research in areas of interest to the semiconductor industry. Please see the website for further details www.src.org/student-center/fellowship/.

GRC Master's Scholarship Program

Subjects: Electrical engineering, computer engineering, chemical engineering, mechanical engineering, materials science, physics and related areas.

Purpose: To attract underrepresented minorities and women to disciplines of interest to the semiconductor industry.

Eligibility: Open to students having U.S. citizenship or permanent resident status. Students are also required to be from an underrepresented group, e.g. women, African American, Latino or Native American students must be pursuing or planning to pursue Master's research with an SRC-funded faculty.

Type: Scholarship

Value: Please contact the organization

Length of Study: 2 years or until completion of the Master's degree, whichever comes first

Frequency: Annual

Study Establishment: Universities having SRC-funded contracts. A list is available at the website

Country of Study: United States of America

No. of awards offered: Varies

Application Procedure: Applicants must complete an application form. Applications are distributed through SRC-funded faculty in November with a due date early in February. Applications are also distributed through other avenues outside the SRC community and applications are encouraged from non-SRC-funded colleges.

Closing Date: February 15th

Funding: Commercial

Contributor: The semiconductor industry

No. of awards given last year: 1

No. of applicants last year: 9

Additional Information: Recipients are required to be associated with an SRC-funded contract. Resources are available to assist qualified students in identifying suitable faculty within SRC-funded universities. SRC contracts support precompetitive research in areas of interest to the semiconductor industry. Please see the website for further details www.src.org/student-center/fellowship/.

SIGMA THETA TAU INTERNATIONAL

550 West North Street, Indianapolis, IN, 46202,
 United States of America
Tel: (1) 888 634 7575
Fax: (1) 317 634 8188
Email: research@stti.iupui.edu
Website: www.nursingsociety.org
Contact: Tonna M. Thomas, Grants Coordinator

Sigma Theta Tau International exists to promote the development, dissemination and utilization of nursing knowledge. It is committed to improving the health of people worldwide through increasing the scientific base of nursing practice. In support of this mission, the society advances nursing leadership and scholarship, and furthers the utilization of nursing research in healthcare delivery as well as in public policy.

Doris Bloch Research Award

Subjects: Nursing.
Purpose: To encourage qualified nurses to contribute to the advancement of nursing through research. Multidisciplinary and international research is encouraged.

Eligibility: Applicants must be a registered nurse with a current licence, must have received a Master's degree, must have submitted an application package, must be ready to start the research project and must have signed a Sigma Theta Tau International research agreement. Allocation of funds is based on the quality of the proposed research, the future promise of the applicant and the applicant's research budget. Applications from novice researchers who have received no other national research funds are encouraged and will receive preference for funding, other aspects being equal.
Level of Study: Doctorate, Postdoctorate, Postgraduate, Predoctorate, Master's prepared
Type: Research grant
Value: Up to US\$5,000
Frequency: Annual
Country of Study: Any country
No. of awards offered: 1
Application Procedure: All applications must be submitted via the online submission system. A link to the submission system will be available in April.
Closing Date: December 1st
Funding: Private
Contributor: Sigma Theta Tau International
No. of awards given last year: 1
Additional Information: Please see the website for further details www.nursingsociety.org/Research/Grants/Pages/grant_bloch.aspx.

Rosemary Berkel Crisp Research Award

Subjects: Women's health, oncology and infant or child care.
Purpose: To support nursing research in the critical areas of women's health, oncology and pediatrics.
Eligibility: Open to registered nurses with a current licence who have a Master's or higher degree (those with baccalaureate degrees may be co-investigators), have submitted a complete research application package, are ready to initiate the research project and are Sigma Theta Tau International members. Some preference is given to applicants residing in Illinois, Missouri, Arkansas, Kentucky and Tennessee. See website www.nursingsociety.org.
Level of Study: Doctorate, Postdoctorate, Postgraduate, Predoctorate, Master's prepared
Type: Research award
Value: US\$5,000
Frequency: Annual
Country of Study: Any country
No. of awards offered: 1
Application Procedure: All applications must be submitted via the online application system. See www.nursingsociety.org for information.
Closing Date: December 1st
Funding: Private
Contributor: The Harry L Crisp II and Rosemary Berkel Crisp Foundation to Sigma Theta Tau International's Research Endowment
No. of awards given last year: 1
Additional Information: The allocation of funds is based on a research project in the area of women's health, oncology or paediatrics that is ready for implementation, the quality of the proposed research, future potential of the application, appropriateness of the research budget and feasibility of the time frame. Please see the website for further details www.nursingsociety.org/Research/Grants/Pages/grant_crisp.aspx.

Sigma Theta Tau International Small Research Grants

Subjects: Nursing.
Purpose: To encourage nurses to contribute to the advancement of nursing through research.
Eligibility: Open to registered nurses with a current licence who have submitted a complete research application package, have a project ready for implementation, hold a Master's degree, are enrolled in a doctoral programme and have signed a Sigma Theta Tau International research agreement. Check website for details.
Level of Study: Doctorate, Postdoctorate, Postgraduate, Master's prepared
Type: Research grant
Value: Up to US\$5,000
Frequency: Annual
Country of Study: Any country

No. of awards offered: 10–15

Application Procedure: All applications must be submitted via the online application system. See www.nursingsociety.org for information. A link to the submission system will be available in July.

Closing Date: December 1st

Funding: Private, foundation

No. of awards given last year: 10–15

Additional Information: This grant has no specific focus; however, multidisciplinary, historical and international research is encouraged. The funding date is June 1st. Please see the website for further details www.nursingsociety.org/Research/Grants/Pages/small_grants.aspx.

Sigma Theta Tau International/Alpha Eta Collaborative Research Grant

Subjects: Nursing.

Purpose: To provide a research grant to Tau Lambda@Large chapter members for a new research project in Africa.

Eligibility: The applicant must be a member of the Tau Lambda@Large residing in Africa, must submit online a completed research application package and a signed research agreement, and should be ready to implement the research project when funding is received. The applicant should also submit a completed abstract to the Virginia Henderson International Nursing Research Library and credit grant research partners in all publications and presentations of the research, and a final report.

Level of Study: Postdoctorate, Postgraduate, Doctorate

Type: Research grant

Value: Up to US\$2,000

Frequency: Annual

Country of Study: Africa

No. of awards offered: 1

Application Procedure: All applications must be submitted through the online submission system. See the website www.nursingsociety.org for information.

Closing Date: December 1st

Funding: Private

Contributor: Alpha Eta chapter of Sigma Theta Tau International

No. of awards given last year: 1

Additional Information: Please see the website for further details www.nursingsociety.org/Research/Grants/Pages/AlphaEta.aspx.

Sigma Theta Tau International/American Association of Critical Care Nurses

Subjects: Critical care nursing practice.

Purpose: To encourage qualified nurses to contribute to the advancement of nursing through critical care nursing practice research.

Eligibility: Open to registered nurses with a current licence who have received a Master's degree and submitted a grant proposal relevant to critical care nursing practice. Research must be related to critical care nursing practice.

Level of Study: Doctorate, Postdoctorate, Postgraduate, Predoctorate, Master's prepared

Type: Research grant

Value: Up to US\$10,000

Frequency: Annual

Country of Study: Any country

No. of awards offered: 1

Application Procedure: For application please contact the American Association of Critical Care Nurses, Department of Research.

Closing Date: November 1st

Funding: Foundation, private

Contributor: The American Association of Critical Care Nurses and Sigma Theta Tau International

Additional Information: January 1st is the funding date.

Sigma Theta Tau International/American Association of Diabetes Educators Grant

Subjects: Diabetes education and care.

Purpose: To encourage qualified nurses to contribute to the enhancement of and availability of quality through diabetes education and care through nursing research.

Eligibility: The applicant must be a registered nurse but team members may be from other disciplines. The principal investigator must also have received a Master's degree, and have the ability to complete the project in 1 year from the funding date. Preference will be given to Sigma Theta Tau International members, other qualifications being equal. The grant must be dedicated to diabetes education and care research.

Level of Study: Doctorate, Postgraduate, Postdoctorate, Predoctorate, Master's prepared

Type: Research grant

Value: Up to US\$6,000

Frequency: Annual

Country of Study: Any country

No. of awards offered: 1

Application Procedure: For application please contact American Association of Diabetes Educators (AADE).

Closing Date: October 1st

Funding: Private, foundation

Contributor: The American Association of Diabetes Educators and Sigma Theta Tau International

Additional Information: January 1st is the funding date. Please check at website for more information.

Sigma Theta Tau International/American Nurses Foundation Grant

Subjects: Any clinical topic.

Purpose: To encourage the research career development of nurses through the support of research conducted by beginning nurse researchers, or experienced nurse researchers who are entering a new field of study.

Eligibility: Open to registered nurses with a current licence and a Master's degree who have submitted a complete research application package, are ready to start the research project and have signed a Sigma Theta Tau International Research agreement. Preference will be given to Sigma Theta Tau International members, other qualifications being equal.

Level of Study: Doctorate, Postdoctorate, Postgraduate, Predoctorate, Master's prepared

Type: Research grant

Value: Up to US\$7,500

Frequency: Annual

Country of Study: Any country

No. of awards offered: 1

Application Procedure: Applicants must write for an information booklet and application form. Proposals should be sent to the Sigma Theta Tau International headquarters in even-numbered years (for which applicants should use the Sigma Theta Tau International application), and to the American Nurses Foundation in odd-numbered years (for which applicants should use the American Nurses Foundation application).

Closing Date: May 1st

Funding: Foundation, private

Contributor: The American Nurses Foundation (ANF) and Sigma Theta Tau International

No. of awards given last year: 1

Additional Information: Allocation of funds is based on the quality of the proposed research, the future promise of the applicant and the applicant's research budget. October is the funding month. Please check at website for more information.

Sigma Theta Tau International/Association of Nurses in AIDS Care Grant

Subjects: HIV prevention, symptom management, promotion of self-care and adherence.

Purpose: To encourage research career development of nurses through support of clinically oriented HIV/AIDS research and increase the number of HIV studies being done by nurses.

Eligibility: Open to candidates who have obtained a master's degree and/or are enrolled in a doctoral programme, must be a registered nurse with current license. For further information please see the website.

Level of Study: Research

Type: Grant

Value: \$2,500

Length of Study: 1 year

Frequency: Annual

No. of awards offered: 1

Application Procedure: All applications must be submitted via the online submission system. See website www.nursingsociety.org for information.

Closing Date: April 1st

Contributor: ANAC and Sigma Theta Tau International

No. of awards given last year: 1

Additional Information: Please see the website for further details www.nursingsociety.org/Research/Grants/Pages/anac_grant.aspx.

Sigma Theta Tau International/Association of Perioperative Registered Nurses Foundation Grant

Subjects: Perioperative nursing practice.

Purpose: To encourage nurses to conduct research related to perioperative nursing practice and contribute to the development of perioperative nursing science.

Eligibility: Applicants must be a registered nurse with a current license in the perioperative setting, or a registered nurse who demonstrates interest in or significant contributions to nursing practice. The principal investigator must have, as a minimum, a Master's degree in nursing. Applicants must submit a completed Association of Perioperative Registered Nurses (AORN) research application. Membership of either organization is acceptable, but not required.

Level of Study: Postdoctorate, Postgraduate, Doctorate, Predoctorate, Master's prepared

Type: Research grant

Value: US\$5,000. Allocation of funds is based on the quality of the research, the future promise of the applicant and the applicant's research budget

Frequency: Annual

Country of Study: Any country

No. of awards offered: 1

Application Procedure: Applicants must write to the AORN for an application form and general instructions.

Closing Date: April 1st

Funding: Foundation, private

Contributor: The Association of Perioperative Registered Nurses and Sigma Theta Tau International

No. of awards given last year: 1

Additional Information: July is the funding month. Please check at website for more information.

Sigma Theta Tau International/Canadian Nurses Foundation Grant

Subjects: Nursing care.

Purpose: To support research on nursing care issues and build nursing research capacity.

Eligibility: (i) Must be a practicing Canadian registered nurse with a current license; (ii) research must address at least one of the following nursing care practice priorities: supporting research that takes place in 'clinical' settings, where nurses provide care, including the community setting; supporting research that involves novice researchers; supporting research teams that are interdisciplinary; supporting research that is 'national', involving all provinces and research that involves under-resourced areas within all provinces; (iii) be an active member of Sigma Theta Tau International; (iv) submission of completed research application via STTI's online submission system must be completed by December 1st; (v) highest reviewed submission will be forwarded to CNF for further funding consideration.

Level of Study: Research

Type: Grant

Value: Up to \$5,000

No. of awards offered: 1

Application Procedure: All applications must be submitted via the online submission system. A link to the submission system will be available in mid-July.

Closing Date: December 1st

Contributor: Canadian Nurses Foundation and Sigma Theta Tau International

Additional Information: Applicants must be a practicing Canadian registered nurse with a current license to apply. Please see the website for further details www.nursingsociety.org/Research/Grants/Pages/grant_cnf.aspx.

Sigma Theta Tau International/Emergency Nurses Association Foundation Grant

Subjects: Topics relating to the specialized practice of emergency nursing. All relevant subjects will be considered, although priority will be given to studies that relate to the Association's Research Initiatives, which include, but are not limited to, mechanisms to assure effective, efficient and quality emergency nursing care delivery systems, factors affecting healthcare cost, productivity and market forces to emergency services, ways to enhance health promotion and injury prevention, and mechanisms to assure quality and cost-effective educational programmes for emergency nursing.

Purpose: To encourage nursing research that will advance the specialized practice of emergency nursing.

Eligibility: Applicants must be a registered nurse, but team members may be from other disciplines. Applicants must have a Master's degree, submit a complete application with signed research agreement and be ready to or have already started the research project. See website www.nursingsociety.org.

Level of Study: Postgraduate, Doctorate, Predoctorate, Postdoctorate, Master's prepared

Type: Research grant

Value: Up to US\$6,000

Frequency: Annual

Country of Study: Any country

No. of awards offered: 1

Application Procedure: For application please contact Emergency Nurses Association (ENA) Foundation.

Closing Date: March 1st

Funding: Foundation, private

Contributor: The Emergency Nurses Association Foundation and Sigma Theta Tau International

No. of awards given last year: 1

Additional Information: August is the funding date.

Sigma Theta Tau International/The Council for the Advancement of Nursing Science

Subjects: Nursing.

Purpose: To encourage qualified nurses to improve the health of the world's people through research. Proposals for clinical, educational or historical research, including plans for disseminating the research findings, may be submitted for the grant.

Eligibility: Preference will be given to a Sigma Theta Tau International member who holds at the minimum a Master's degree or its equivalent. He or she must submit online a completed research application package and should be ready to implement the research project when funding is received. The applicant should also submit a completed abstract to STTI's Virginia Henderson International Nursing Research Library, a completed project abstract for presentation to the

Sigma Theta Tau International or the Council for the Advancement of Nursing Science, and credit grant research partners in all publications and presentations of the research.

Level of Study: Postgraduate, Predoctorate

Type: Research grant

Value: Up to \$5,000

Frequency: Annual

Country of Study: Any country

No. of awards offered: 1

Application Procedure: Applicants must submit applications via the online submission system. See the website www.nursingsociety.org for information.

Closing Date: July 1st

Funding: Foundation

Contributor: Sigma Theta Tau International Foundation and The Council for the Advancement of Nursing Science

No. of awards given last year: 1

Additional Information: Applicants must be a member in good standing of both STTI and CANS.

Sigma Theta Tau International/Virginia Henderson Clinical Research Grant

Subjects: Clinical research.

Purpose: To encourage the research career development of clinically based nurses through support of clinically orientated research.

Eligibility: Open to registered nurses actively involved in some aspect of healthcare delivery, education or research in a clinical setting, who are Theta Tau International members, hold a Master's degree in nursing or are enrolled in a doctoral programme. The allocation of funds is based on a research project ready for implementation, the quality of the proposed research, the future potential of the applicant, appropriateness of the research budget and feasibility of the time frame.

Level of Study: Doctorate, Postdoctorate, Postgraduate, Predoctorate, Master's prepared

Type: Research grant

Value: US\$5,000

Frequency: Every 2 years

Country of Study: Any country

No. of awards offered: 1

Application Procedure: All applications must be submitted via the online submission system.

Closing Date: December 1st in odd-numbered years

Funding: Private

Contributor: The Virginia Henderson Clinical Research Endowment Fund

Additional Information: June 1st is the funding month. Please see the website for further details www.nursingsociety.org/Research/Grants/Pages/grant_VHL.aspx.

Sigma Theta Tau International/Western Institute of Nursing Research Grant

Subjects: Nursing.

Purpose: To encourage qualified nurses to contribute to the advancement of nursing through research.

Eligibility: Open to a registered nurse with a current license, who has a master's degree and/or is enrolled in a doctoral programme. The applicant must be a member of Western Institute of Nursing and Sigma Theta Tau International.

Level of Study: Doctorate, Postdoctorate, Postgraduate, Predoctorate, Master's prepared

Type: Grant

Value: Up to US\$2,500

Frequency: Annual

Country of Study: Any country

No. of awards offered: 1

Application Procedure: All applications must be submitted via the online submission system.

Closing Date: December 1st

SILVERHILL INSTITUTE OF ENVIRONMENTAL RESEARCH AND CONSERVATION

60 Adelaide Street East, Suite 501, Toronto, ON, M5C 3E4, Canada

Email: peter@silverhillinstitute.com

Website: www.silverhillinstitute.com

Contact: Dr Peter Homenuck, RPP

The Silverhill Institute of Environmental Research and Conservation was established as a charitable foundation in 2004. This foundation was established according to the Canada Corporations Act. It supports demonstration projects to develop, maintain and preserve wood lots. It also supports wetland protection and restoration as means for conservation and contributing to diversity and the protection of groundwater and surface water resources, and carries out research on environmental issues of the day.

Silverhill Institute of Environmental Research and Conservation Award

Subjects: Geography, environmental studies, ecology, biology, natural resources, planning, forestry and water resources.

Purpose: To financially support students for thesis/research projects that have an applied environmental or conservation focus and that have the potential to contribute in a direct way to society and/or provide specific community benefit.

Eligibility: Open only to graduate students for research (thesis or major paper) that is applied in nature and can be demonstrated to have community benefit or applicability.

Level of Study: Postgraduate, Research

Type: Grant

Value: Canadian \$2,500 for the Summer season. Smaller awards of \$500 are also available.

Frequency: Annual

Study Establishment: University of Manitoba

Country of Study: Canada

No. of awards offered: Varies

Application Procedure: Download the grant application form in PDF or Word format and return the completed form by the due date.

Closing Date: February 28th

Additional Information: The grant will be paid out as follows: Canadian \$2,500 upon selection and Canadian \$1,000 upon receipt of a copy of the finished theses/product. Please see the website for further details.

SIMON FRASER UNIVERSITY

8888 University Drive, Burnaby, BC, V5A 1S6, Canada

Tel: (1) 778 782 3708

Fax: (1) 778 782 4920

Email: pchhina@sfu.ca

Website: www.business.sfu.ca

Contact: Ms Preet Virk, Manager, Donor Relations

Named after explorer Simon Fraser, SFU opened on September 9, 1965. Taking only 30 months to grow from the idea stage into an almost-completed campus with 2,500 students it was dubbed the 'Instant University'. The original campus has grown into three vibrant campuses in Burnaby, Vancouver and Surrey and SFU's reputation has grown into one of the innovative teaching, research, and community outreach.

Joseph-Armand Bombardier Canada Graduate Scholarships (CGS) Master's Program

Subjects: All subjects.

Purpose: To seek to develop research skills and assist in the training of highly qualified personnel by supporting students in the social sciences and humanities.

Eligibility: Open to those pursuing a first Graduate Degree. Be a citizen or permanent resident of Canada.

Level of Study: Graduate

Type: Scholarship

Value: \$17,500 per year

Length of Study: 1 year

Frequency: Annual

Application Procedure: See the website.

Closing Date: Early November

Additional Information: Please see the website for further details.

Methanex Graduate Scholarship in International Marketing

Subjects: International business and marketing.

Purpose: To recognize and reward an outstanding student pursuing an MBA at the Segal Graduate School of Business.

Eligibility: Open to a student with a demonstrated focus on international business and marketing.

Level of Study: Graduate

Type: Scholarship

Value: \$5,000

Frequency: Annual

Study Establishment: Segal Graduate School of Business

Country of Study: Canada

No. of awards offered: 1

Application Procedure: Check website for further information. Applications are accepted in January.

Closing Date: January 30th

Additional Information: Please see the website for further details

<http://beedie.sfu.ca/mba/apply/scholarships.php>

NSERC Industrial Post-Graduate Scholarships (IPS)

Subjects: Science and engineering.

Purpose: To encourage scholars to consider research careers in industry.

Eligibility: Open to highly qualified science and engineering graduates.

Level of Study: Graduate

Type: Scholarship

Value: \$15,000 per year for up to 2 years plus company contribution of \$6,000 minimum per year

Length of Study: Up to 2 years

Frequency: Annual

Country of Study: Canada

Application Procedure: Check website for further details.

Closing Date: Apply at any time (check details in website)

For further information contact:

Office of the Dean of Graduate Studies

Email: dcoburn@sfu.ca

Website: www.sfu.ca/dean-gradstudies/blog/scholarships/NSERC-IPS.html

Contact: Deena Coburn, Director, Administrative Services

NSERC/MITACS Joint Industrial Postgraduate Scholarship (IPS)

Subjects: Mathematics.

Eligibility: Open to any graduate student in Simon Fraser University (SFU) using mathematics in their research.

Level of Study: Postgraduate, Doctorate, Graduate

Type: Scholarship

Value: \$22,500

Length of Study: Up to 3 years

Frequency: Annual

Study Establishment: Simon Fraser University (SFU)

Country of Study: Canada

Application Procedure: Check website address for further details.

Closing Date: Check with website

Peter Legge Graduate Volunteer Leadership Award in Business

Subjects: Business administration.

Purpose: To provide financial support for graduate students pursuing or entering a degree at the Segal Graduate School of Business.

Eligibility: Open to graduate students pursuing a degree at the Segal Graduate School of Business.

Level of Study: Graduate

Type: Award

Value: \$4,100

Frequency: Annual

Study Establishment: Segal Graduate School of Business

Country of Study: Bulgaria

Application Procedure: Check the website for further details www.sfu.ca/dean-gradstudies/awards/privateawards/all-awards/legge.html.

Closing Date: May 31st

Additional Information: Candidates must include the application for Private Graduate Scholarship along with the application, curriculum vitae, cover letter, and letter of reference.

Phi Theta Kappa International Summit Scholarships

Subjects: All subjects.

Eligibility: Open to Phi Theta Kappa members with a minimum 3.75 Grade Point Average and have completed 30 credit hours.

Level of Study: Graduate

Type: Scholarship

Value: Canadian \$3,500

No. of awards offered: Up to 3

Application Procedure: Candidates must apply through the website and also mail a package containing paper application form, original or photocopied, a one-page summary of achievements and activities, a copy of recent college transcript, and a copy of Phi Theta Kappa certificate of membership.

Closing Date: April 30th (for fall term), September 30th (for spring term), or January 31st (for summer term)

Additional Information: Students applying from outside Vancouver's Lower Mainland area may be eligible for a travel allowance of \$500–1,000. Part-time students and students with a previous bachelor degree are not eligible.

Postdoctoral Fellowship in Sustainable Energy Technology

Subjects: The fellowship is awarded in Sustainable Energy Technology, Behavior and Policy.

Eligibility: Applications from recent PhD's seeking to develop (or continuing to develop) research careers relating to sustainable energy technology, behavior and policy are invited. A wide range of methodological skills will be considered as assets, including: survey design and analysis, advanced statistical analysis, discrete choice modelling, energy-economy modelling (e.g. optimization, CGE or simulation models), transportation modelling, diffusion modelling, agent-based modelling, social network analysis, qualitative interviews and ethnographic analysis. Canadian applicants are eligible for this postdoctoral fellowship. For detailed information, please check website.

Level of Study: Postdoctorate

Type: Fellowship

Value: US\$45,000/Annum – each which can be received to study in CANADA and students from Canada are eligible to apply

Country of Study: Canada

Application Procedure: The mode of applying is electronically. Applicants should send a concise cover letter, curriculum vitae, up to three publications or writing samples and a list of at least three academic references electronically.

Closing Date: Applications will be accepted until the position is filled, applications will be reviewed starting in January

Contributor: The School of Resource and Environmental Management at Simon Fraser University

Additional Information: The start date is flexible, but the position is expected to be 2 years in duration (subject to a 1-year evaluation). Only short-listed candidates will be contacted.

Scotiabank Graduate Scholarship for Women Entrepreneurs

Subjects: Business administration.

Purpose: To provide financial support for a female student enrolling for MBA.

Eligibility: Open to academically excellent female students enrolled full or part-time in an MBA program.

Level of Study: Graduate

Type: Scholarship

Value: \$5,000

Frequency: Annual

Application Procedure: Check website for further details www.sfu.ca/dean-gradstudies/awards/privateawards/all-awards/scotiabank.html.

Closing Date: May 30th

Additional Information: Candidates must submit a cover letter outlining entrepreneurial experience and a letter of reference from a business colleague or faculty member. Preference will be given to a candidate who is, or has been, an entrepreneur, or who plans to study entrepreneurship as part of her degree.

SSHRC Doctoral Fellowships

Subjects: All subjects.

Purpose: To doctoral support in the humanities and social sciences.

Eligibility: Open to those who are currently in attendance at Simon Fraser University.

Level of Study: Postgraduate

Type: Fellowship

Value: \$20,000–35,000 per year

Length of Study: 1–4 years

Frequency: Annual

Application Procedure: Check website for further details.

Closing Date: November 2nd

Additional Information: Applications are ranked within subject areas by an SFU committee and recommended applications sent to SSHRC, which announces final results in April or May.

For further information contact:

Website: www.sfu.ca/dean-gradstudies/blog/scholarships/SSHRC-doctoral-2012.html

SSHRC Joseph-Armand Bombardier CGS Doctoral Scholarships

Subjects: Humanities and social sciences.

Purpose: To provide doctoral support in the humanities and social sciences.

Eligibility: Open to Canadian citizens or permanent residents, who have completed a Master's Degree or at least 1 year of doctoral study and pursuing full time studies leading to a first PhD or its equivalent.

Level of Study: Postgraduate, Predoctorate

Type: Scholarship

Value: \$35,000 per year

Length of Study: Up to 3 years

Frequency: Annual

Country of Study: Canada

Application Procedure: Candidates can avail information from the Office of the Dean of Graduate Studies, or check the website.

Closing Date: Direct Applications: November 5th and University Applications: January 8th

Additional Information: The deadline for applications to the appropriate SFU department is approximately October 15th. Please see the website for further details.

TCG International Graduate Scholarship in Business Administration

Subjects: Business administration.

Purpose: To support for a student in the MBA program.

Eligibility: Open to academically excellent (CGPA > 3.5) graduates. Preference will be given to a BC resident.

Level of Study: Graduate

Type: Scholarship

Value: \$10,000

Frequency: Annual

No. of awards offered: 1

Application Procedure: Check website for further details. Applications are accepted in September.

Closing Date: June 30th

Additional Information: Please see the website for further details www.sfu.ca/dean-gradstudies/awards/privateawards/all-awards/tcg-international.html.

Trudeau Foundation Doctoral Scholarship

Subjects: Social sciences and humanities.

Purpose: To support doctoral students pursuing research in one or more of the four themes: human rights and social justice, responsible citizenship, Canada and the world, and humans and their natural environment.

Eligibility: Open to outstanding students who are in their first or second year of a PhD programme.

Level of Study: Doctorate

Type: Scholarship
Value: \$40,000 stipend plus \$20,000 travel allowance
Length of Study: Up to 3 years
Frequency: Annual
Application Procedure: Check website for further details.
Closing Date: November 5th
Additional Information: Research must be in one of the four themes of the foundation. Please see the website for further details www.sfu.ca/dean-gradstudies/blog/scholarships/Trudeau-2012.html.

Vanier Canada Graduate Scholarships (CGS)

Subjects: All subjects.
Purpose: The CGS Program provides financial support to outstanding eligible students pursuing master's or doctoral studies.
Eligibility: Open to candidates who are eligible to apply for the NSERC or SSHRC annual competition.
Value: \$50,000
Length of Study: Up to 3 years
Application Procedure: See the website for details.
Closing Date: September 26th
Contributor: NSERC and SSHRC
Additional Information: Applicants who apply for the NSERC or SSHRC annual competitions are also considered.

SIR HALLEY STEWART TRUST

BM Sir Halley Stewart Trust, Cambridge, London,
 WC1N 3XX, England
Tel: (44) 020 8144 0375
Email: email@sirhalleystewart.org.uk
Website: www.sirhalleystewart.org.uk
Contact: Ms Vicky Chant, Secretary to the Trustees

The Sir Halley Stewart Trust has a Christian basis and is concerned with the development of body, mind and spirit, a just environment and international goodwill. The Trust aims to promote innovative research activities or developments.

Sir Halley Stewart Trust Grants

Subjects: Medical, social or religious projects within certain priority areas.
Purpose: To assist pioneering research and development.
Eligibility: Not open to general appeals, building, capital, running costs or personal education including educational and travel costs.
Level of Study: Doctorate, Postgraduate, Research
Type: Grant
Value: Main Grant (usually for salary costs up to circa £60,000, over a period of up to 3 years), or Small Grant (for no more than £5,000 as a one-off grant)
Length of Study: 2–3 years
Frequency: Dependent on funds available
Study Establishment: A U.K. charitable institution, e.g. a hospital, laboratory, university department or charitable organization
Application Procedure: Applicants must contact the Trust for further details. See website: www.sirhalleystewart.org.uk for the application process. Preliminary enquiries available by email/phone call.
Closing Date: Early March
Funding: Private
No. of awards given last year: 37
No. of applicants last year: 441
Additional Information: Further information is available from the Trust's office. The website contains the most up-to-date details. Country of study: mainly UK but some overseas, Africa (west) given priority.

SIR JOHN SOANE'S MUSEUM FOUNDATION

1040 First Avenue, No. 311, New York, NY, 10022,
 United States of America
Tel: (1) 212 223 2012
Fax: (1) 866 841 1928
Email: info@soanefoundation.com
Website: www.soanefoundation.com
Contact: Charles A Miller-III, Executive Director

The Sir John Soane's Museum Foundation assists the Museum in London to further Soane's commitment to educate and inspire the general and professional public in architecture and the fine and decorative arts. Programmes have attracted students, collectors, architects, decorators and arts enthusiasts since 1991 to its events, lectures, tours and dinners.

Sir John Soane's Museum Foundation Travelling Fellowship

Subjects: Art, architecture and the decorative arts.
Purpose: To enable scholars to pursue research projects related to the work of Sir John Soane's Museum and its collections.
Eligibility: Open to candidates enrolled in a graduate degree programme in a field appropriate to the Foundation's purpose.
Level of Study: Graduate, Postgraduate
Type: Fellowship
Value: US\$5,000
Frequency: Annual
Study Establishment: The choice of the fellowship recipient
Country of Study: Usually the United States of America or the United Kingdom
No. of awards offered: 2
Application Procedure: Applicants must submit a formal proposal of not more than five pages describing the goal, scope and purpose of the research project, in addition to three letters of recommendation. An interview may be required.
Closing Date: March 1st
Funding: Foundation, private
Contributor: The Board of Directors and the Advisory Board
No. of awards given last year: 2
No. of applicants last year: 30
Additional Information: At the end of each research project the award recipient must submit a written documentation or a sketch book on the progress of the research as outlined in the original proposal with respect to goal, scope and allocation of funds, and give a lecture on the research, arranged by the Foundation. The scholar usually spends some time at Sir John Soane's Museum at 13 Lincoln's Inn Fields, London, studying architectural drawings, models and paintings. Please see the website for further details www.soanefoundation.com/fellowship.html.

SIR RICHARD STAPLEY EDUCATIONAL TRUST

PO Box 839, Richmond, Surrey, TW9 3AL, England
Email: admin@stapleytrust.org
Website: www.stapleytrust.org
Contact: The Administrator

The Sir Richard Stapley Educational Trust awards grants to graduates studying for higher degrees in the UK without subject restriction, and to graduates studying medicine as a second degree. The grants are to cover shortfall incurred by the payment of tuition fees.

Sir Richard Stapley Educational Trust Grants

Subjects: Medical, dental and veterinary science and higher degrees in other subjects.
Purpose: To support postgraduate study.
Eligibility: Open to graduates holding a First Class (Honours) degree or a good Second Class (Honours) degree (65 per cent or above, or its overseas equivalent, or a Masters or PhD) and who are more than 24 years of age on October 1st of the proposed academic year. Students in receipt of a substantial award from local authorities, the NHS Executive, Industry, Research Councils, the British Academy or other similar public bodies will not normally receive a grant from the Trust. Courses not eligible include electives, diplomas, placements, professional training and intercalated degrees. The Trust does not support students for full-time PhD studies beyond a 3rd year. Applicants must already be resident in the UK at the time of application.
Level of Study: Postgraduate
Type: Grant
Value: UK£400 and £1,000
Length of Study: Grants are awarded for 1 full academic year in the first instance

Frequency: Annual
Study Establishment: Any appropriate University
Country of Study: United Kingdom
No. of awards offered: Dependent on availability of funds
Application Procedure: Electronic applications are available in early January. The trust will consider either the first 300 complete applications or all applications received on or before deadline.
Closing Date: When first 300 applications are received, or March 30th
Funding: Trusts
No. of awards given last year: 183
No. of applicants last year: 295
Additional Information: Please check at www.stapleytrust.org/wp/ about for more information.

SIR ROBERT MENZIES MEMORIAL FOUNDATION

210 Clarendon Street, East Melbourne, VIC, 3002, Australia
Tel: (61) 3 9419 5699
Fax: (61) 3 9417 7049
Email: menzies@vicnet.net.au
Website: www.menziesfoundation.org.au
Contact: Ms S K Mackenzie, General Manager

The Sir Robert Menzies Memorial Foundation is a non-profit, non-political organization established in 1979 to perpetuate and honour the memory of Sir Robert Menzies by promoting excellence in medical and health research, education and post graduate scholarship by Australians.

The Robert Gordon Menzies Scholarship to Harvard

Subjects: All subjects.
Purpose: To encourage students who have gained admission to a Harvard graduate school.
Eligibility: Open to candidates who are Australian citizens who have graduated from an Australian university.
Level of Study: Postgraduate
Type: Scholarship
Value: US\$60,000
Frequency: Annual
Study Establishment: Harvard University
Country of Study: United States of America
No. of awards offered: 1
Application Procedure: A completed application form with original academic transcripts must be submitted.
Closing Date: February
Funding: Foundation
Contributor: The Harvard Club of Australia, the Menzies Foundation and the Australian National University
No. of awards given last year: 2
No. of applicants last year: 25

For further information contact:

Council and Boards Secretariat, 1.09 Chancery Bld 10, The Australian National University, Canberra, ACT 0200, Australia
Website: www.menziesfoundation.org.au/scholarships/scholarships.html#harvard
Contact: Scholarship Administrator and Selection Committee Secretary

Sir Robert Menzies Memorial Research Scholarships in the Allied Health Sciences

Subjects: Occupational therapy, speech pathology, physiotherapy, psychology, nursing, optometry and physical education.
Purpose: To allow an outstanding applicant to carry out doctoral research work that is likely to improve the health of Australians.

Eligibility: Open to Australian citizens of at least 5 years standing. Applicants will generally have completed the first year of their PhD project.
Level of Study: Postgraduate, Doctorate
Type: Scholarship
Value: Australian \$27,500 free of income tax
Length of Study: 2 years
Frequency: Annual
Study Establishment: A tertiary institute with appropriate facilities
Country of Study: Australia
No. of awards offered: 2
Application Procedure: Applicants must complete and submit an application form, academic transcripts and other documents. Further information is available on request.
Closing Date: June 30th
Funding: Private
Contributor: The Sir Robert Menzies Memorial Foundation
No. of awards given last year: 2
No. of applicants last year: 35
Additional Information: Please see the website for further details <http://menziesfoundation.org.au/scholarships/allied-health-sciences>.

Sir Robert Menzies Memorial Scholarships in Engineering

Subjects: Engineering.
Purpose: To enable Australian citizens to pursue postgraduate studies in the UK, generally leading to a higher degree.
Eligibility: Open to Australian citizens of 5 years of standing with at least an Upper Second Class (Honours) Degree in engineering at the time of application.
Level of Study: Postgraduate
Type: Scholarship
Value: Tuition fees, return airfare, examination and other compulsory fees, an allowance of UK£12,250 per year (if enrolled at a university outside London) and UK£14,250 per year (if enrolled at a London university)
Length of Study: 1–3 years
Frequency: Annual
Study Establishment: Universities in UK
Country of Study: United Kingdom
No. of awards offered: 1
Application Procedure: Applicants must complete and submit an application form along with academic transcripts and other documents.
Closing Date: July 31st
Funding: Private
Contributor: The Sir Robert Menzies Memorial Trust in London, the Australian Department of Education, Employment and Workplace Relations and the Menzies Foundation in Australia
No. of awards given last year: 1
No. of applicants last year: 12
Additional Information: Please see the website for further details www.menziesfoundation.org.au/scholarships.

Sir Robert Menzies Memorial Scholarships in Law

Subjects: Law.
Purpose: To enable Australian citizens to pursue postgraduate studies in the UK, generally leading to a higher degree.
Eligibility: Open to Australian citizens of 5 years of standing with at least an Upper Second Class (Honours) Degree in law at the time of application.
Level of Study: Postgraduate
Type: Scholarship
Value: Tuition fees, return airfare, examination and other compulsory fees, an allowance of UK£12,750 per year (if enrolled at a university outside London) and UK£14,750 per year (if enrolled at a London university)
Length of Study: 1–2 years
Frequency: Annual
Study Establishment: Universities in UK
Country of Study: United Kingdom
No. of awards offered: 1
Application Procedure: Applicants must complete and submit an application form along with academic transcripts and other documents. Check website for details.
Closing Date: August 31st
Funding: Private

Contributor: The Sir Robert Menzies Memorial Trust in London, the Australian Department of Education, Employment and Workplace Relations, and the Menzies Foundation in Australia

No. of awards given last year: 1

No. of applicants last year: 35

THE SKIDMORE, OWINGS AND MERRILL FOUNDATION

224 South Michigan Avenue, Suite 1000, Chicago, IL, 60604,
United States of America
Tel: (1) 312 427 4202
Fax: (1) 312 360 4545
Email: somfoundation@som.com
Website: www.som.com

Contact: Ms Lisa Westerfield, Administrative Director

The mission of the Skidmore, Owings and Merrill Foundation is to identify and nurture emerging talent by sponsoring prestigious awards and travelling study grants to students of architecture, design, urban design and structural engineering. The SOM foundation identifies and supports individuals with the highest design aspirations, and enables them, through research and travel, to broaden their horizons and achieve excellence in their professional or academic careers. The foundation's goal is to instill in its fellows a heightened sense of responsibility as future leaders in the design disciplines by offering them an opportunity to deepen their understanding of the complexities of the built environment.

SOM Prize and Travel Fellowship

Subjects: Architecture, design and urban design.

Purpose: To help young architects and designers to broaden their education and take an enlightened view of society's need to improve the built and natural environments.

Eligibility: Open to candidates of any citizenship who are graduating from a university in the US. Fellowship winners must receive, prior to commencement of the fellowship, a Master's or Bachelor's degree in architecture, design or urban design. Students are eligible for nomination in the Spring of the academic year that they are due to graduate.

Level of Study: Graduate, Postgraduate

Type: Fellowship

Value: The SOM Prize is a \$50,000 research and travel fellowship that enables one outstanding applicant the opportunity to travel in connection with carrying out in-depth research on a subject of their choosing. A second award, the \$20,000 SOM Travel Fellowship, offers an applicant the opportunity to expand their professional education beyond the classroom through the observation of buildings, design, culture and history that can only be achieved through travel

Frequency: Annual

Study Establishment: Accredited schools, colleges or universities

Country of Study: United States of America

No. of awards offered: 1 grand prize and 1 travel fellowship

Application Procedure: Applicants must submit a portfolio with a proposed travel itinerary and a signed copyright release statement provided by the Foundation. Complete guidelines are available on request and on the website. Students must be nominated by the US school of attendance.

Closing Date: Please contact the organization for details

Funding: Private

No. of awards given last year: 3

Additional Information: Please see the website for further details
www.somfoundation.com/award/travel-fellowship-design.

Structural Engineering Travel Fellowship

Subjects: The role of aesthetics, innovation, efficiency and economy in the structural design of buildings, bridges, and other structures.

Purpose: To foster an appreciation of the aesthetic potential inherent in the structural design of buildings, bridges and other major works of architecture and engineering.

Eligibility: Open to candidates of any citizenship who are graduating from a university in the US with a Bachelor's, Master's or PhD degree in civil or architectural engineering and a specialization in structural engineering. Applicants must be nominated by the faculty and endorsed by the chair of the department from which they will receive the degree. Applicants must intend to enter the professional practice of structural engineering in the field of buildings or bridges.

Level of Study: Postgraduate, Doctorate, Graduate

Type: Fellowship

Value: US\$20,000

Frequency: Annual

Study Establishment: Accredited schools

Country of Study: United States of America

No. of awards offered: 1

Application Procedure: Complete guidelines are available on the website.

Closing Date: January 25th

Funding: Private

No. of awards given last year: 1

Additional Information: The fellowship hopes to encourage an awareness of the visual impact of structural engineering among engineering students and their schools. It also helps to strengthen the connection between aesthetics and efficiency, economy and innovation in structural design. Please see the website for further details
www.somfoundation.com/award/structural-engineering.

THE SMITH AND NEPHEW FOUNDATION

15 Adam Street, London, WC2N 6LA, England

Email: barbara.foster@smith-nephew.com

Website: www.smith-nephew.com

Contact: Ms Barbara Foster, Foundation Coordinator

To contribute to the development of a robust evidence base which will inform the identification of effective interventions for the management and prevention of skin breakdown and tissue integrity. To concentrate our effort on developing research capacity in this field.

Smith and Nephew Foundation Postdoctoral Nursing Research Fellowship

Subjects: Nursing care of patients in the field of skin breakdown and tissue integrity.

Purpose: To influence and develop evidence-based nursing interventions in the field of skin breakdown and tissue integrity.

Eligibility: Applications are invited from potential Fellows and the proposed host research team or unit. The host research team must be a university school, faculty or department of nursing and have a proven track record of research and development in the nursing care of patients with skin damage or tissue damage or vulnerability.

Level of Study: Postdoctorate

Type: Fellowship

Value: Up to UK£120,000

Length of Study: Up to 3 years

Frequency: Annual

Country of Study: United Kingdom

No. of awards offered: 1

Application Procedure: Application forms must be completed. Shortlisted candidates are interviewed in London.

Closing Date: May 1st

Funding: Foundation

Contributor: The Smith and Nephew Foundation

Additional Information: Research which will contribute to the evidence base for the nursing care of patients with skin or tissue damage and vulnerability, particularly in the following areas: Factors which influence the physiological response to tissue damage, the role of infection in delayed healing, factors which influence treatment decisions in skin/wound care, hidden cost of tissue damage. Applications which focus on research in other areas of skin, or tissue damage or vulnerability will also be considered. Please see the website for further details.

SMITHSONIAN ASTROPHYSICS OBSERVATORY (SAO)

60 Garden Street, Mail Stop 47, Cambridge, MA, 02138,
United States of America

Email: predoc@cfa.harvard.edu

Website: www.cfa.harvard.edu

Contact: Christine A Crowley, Fellowship Program Coordinator

SAO Predoctoral Fellowships

Subjects: Astronomy, astrophysics, atomic and molecular physics, planetary science, radio and geoastronomy, solar and stellar physics and theoretical astrophysics.

Purpose: To allow students from other institutions throughout the world to undertake their thesis research at the SAO.

Eligibility: Applicants must have completed their preliminary course work and examinations and be ready to begin dissertation research at the time of the award.

Level of Study: Predoctorate

Type: Fellowship

Value: A stipend of \$34,200. Some funds may also be available for relocation, travel and other expenses

Length of Study: 6 months, with a possibility of renewal for up to a total of 3 years

Frequency: Annual, Rolling Admissions

Study Establishment: The Smithsonian Astrophysics Observatory

Country of Study: United States of America

No. of awards offered: Varies

Application Procedure: Applicants must directly contact Smithsonian scientists in their area of interest to discuss possible research topics. Applicants must complete an application form available from the website.

Closing Date: Rolling admissions

No. of awards given last year: 6 awards

No. of applicants last year: 15

Additional Information: Please see the website for further details www.cfa.harvard.edu/opportunities/fellowships/predoc/.

SMITHSONIAN ENVIRONMENTAL RESEARCH CENTER (SERC)

Smithsonian Institution, PO Box 28, 647 Contees Wharf Road,
Edgewater, MD, 21037-0028, United States of America

Tel: (1) 443 482 2217

Email: gustafsond@si.edu

Website: www.serc.si.edu

Contact: Daniel E Gustafson, Jr, Professional Training & Volunteer Coordinator

Smithsonian Environmental Research Center (SERC) is the world's leading research center for environmental studies of the coastal zone. For over 40 years, SERC has been involved in critical research, professional training for young scientists and environmental education.

SERC Graduate Student Fellowship

Subjects: Global climate change, marine invasion biology, forest and wetland ecology, trace element and nutrient cycling, solar UV radiation, water quality, food web dynamics, coastal and upland ecosystems, and plant-herbivore interactions.

Purpose: To financially support student research at Smithsonian facilities or research stations.

Eligibility: Students must be formally enrolled in a graduate program of study at a degree granting institution must have completed at least one full-time semester. Intended for students who have not yet been advanced to candidacy if in a doctoral program.

Level of Study: Graduate

Type: Fellowship

Value: US\$6,500

Length of Study: 10 weeks

Frequency: Annual

Application Procedure: Need to use Smithsonian online academic appointment system.

Closing Date: January 15th

Funding: Government

No. of awards given last year: 2

No. of applicants last year: 6

For further information contact:

Email: gustafsond@si.edu

Contact: Daniel Gustafson, Professional Training Coordinator

SERC Postdoctoral Fellowships

Subjects: Soil and water science, forestry, fishery, Marine biology, botany, zoology, and chemistry.

Purpose: To facilitate the Smithsonian's scholarly interactions with students and scholars at universities, museums and other research institutions around the world.

Eligibility: Open to scholars who held a PhD or equivalent degree for less than 7 years.

Level of Study: Postdoctorate, Predoctorate

Type: Fellowship

Value: US\$48,000 annually plus research, healthcare and relocation allowances

Length of Study: 12–24 months at SERC with the 2nd year of funding contingent upon satisfactory progress and availability of funds

Frequency: Annual

Application Procedure: Need to use Smithsonian online academic appoint system.

Closing Date: December 1st

Funding: Government

No. of awards given last year: 6

No. of applicants last year: 46

Additional Information: The Smithsonian Institution does not discriminate on grounds of race, creed, sex, age, marital status, condition of disability or national origin of any applicant. Fellowships are renewed after 1st year if satisfactory progress is made.

SERC Predoctoral Fellowships

Subjects: Soil and water science, forestry, fishery, marine biology, botany, zoology, and chemistry.

Purpose: To financially support research at Smithsonian facilities or field stations.

Eligibility: Open to doctoral candidates who have completed preliminary course work and examinations and have been advanced to candidacy.

Level of Study: Postdoctorate

Type: Fellowship

Value: US\$32,000 per year plus allowances

Length of Study: 3–12 months

Frequency: Annual

Application Procedure: Applicants can download the application form from the website www.serc.si.edu/pro_training/fellowships/fellowships.aspx. The completed application form, current curriculum vitae and a formal research proposal must be sent to the Smithsonian Office of Fellowships.

Closing Date: December 1st

Funding: Government

No. of awards given last year: 1

No. of applicants last year: 3

Additional Information: The Smithsonian Institution does not discriminate on grounds of race, creed, sex, age, marital status, condition of disability or national origin of any applicant.

SERC Senior Fellowships

Subjects: Soil and water science, forestry, fishery, Marine biology, botany, zoology, and chemistry.

Purpose: To financially support research at Smithsonian facilities or field stations.

Eligibility: Offered to scholars who have held their degree or equivalent for less than 7 years. Senior fellowships are offered to scholars who held their degree or equivalent for 7 years or more.

Level of Study: Research

Type: Fellowship

Value: US\$48,000 annually plus research, healthcare and relocation allowances

Length of Study: 12–24 months at SERC with the 2nd year of funding contingent upon satisfactory progress and availability of funds

Frequency: Annual

Country of Study: United States of America

Application Procedure: Need to use Smithsonian online academic appointment system.

Closing Date: December 1st

Funding: Government

No. of awards given last year: 1

No. of applicants last year: 3

Additional Information: Senior fellowship applications may be submitted 2 years in advance.

A Verville Fellowship

Subjects: The history of aviation and space flights.

Purpose: To fund the analysis of major trends, developments and accomplishments in the history of aviation or space studies.

Eligibility: Open to all interested candidates who can demonstrate skills in research and writing. An advanced degree is not a requirement.

Level of Study: Postgraduate

Type: Fellowship

Value: An annual stipend of \$55,000 will be awarded for a 12-month fellowship, with limited additional funds for travel and miscellaneous expenses

Length of Study: 9–12 months, normally starts between June 1st and October 1st

Country of Study: United States of America

No. of awards offered: 1

Application Procedure: Candidates can apply using the online form.

Closing Date: January 15th

Additional Information: Residence in the Washington, DC metropolitan area during the fellowship term is a requirement of this fellowship. Please see the website for further details <http://airandspace.si.edu/research/fellowships/verville.cfm>.

The Aviation Space Writers Foundation Award

Purpose: To support research on aerospace topics.

Type: Grant

Value: \$5,000

Frequency: Every 2 years

Application Procedure: Candidates should submit the online Aviation Space Writers Foundation Award Application form, including (1) a maximum two-page, single-spaced proposal stating the subject of their research and their research goals; (2) a one to two-page curriculum vitae; and (3) a one-page detailed budget explaining how the grant will be spent.

Closing Date: January 15th

Additional Information: Award winners are required to provide a summary report in the form of a memorandum to Ms Collette Williams that outlines how the grant was used to accomplish the goals of the project.

For further information contact:

Email: pisanod@si.edu

Website: http://airandspace.si.edu/getinvolved/fellow/writer_grant.cfm

Contact: Dr Dominick A. Pisano

Charles A Lindbergh Chair in Aerospace History

Eligibility: Open to senior scholars with distinguished records of publication who are at work on, or anticipate being at work on, books in aerospace history.

Type: Fellowship

Value: Replacement of salary and benefits up to a maximum of \$100,000 a year. Research expenses and relocation are negotiable

Length of Study: 12 months

Closing Date: January 15th

Additional Information: For more information, please contact David DeVorkin (DeVorkinD@si.edu) and see website.

Engen Conservation

Purpose: This fellowship is intended to contribute to the education of recent graduates by allowing them to continue research into traditional historic objects and delve into the complexities of working with modern composite materials.

Eligibility: Must have master's degree in conservation from a recognized programme and be able to conduct research independently.

Value: \$37,000 per year in addition to \$3,000 for medical insurance

Length of Study: 1 year

Country of Study: United States of America

Application Procedure: Applications are submitted through the Smithsonian Online Academic Appointment System (SOLAA).

Closing Date: March 1st

Additional Information: For further queries, please contact CollumM@si.edu, Chief Conservator.

The Guggenheim Fellowships

Subjects: Historical research related to aviation and space.

Purpose: To promote research into, and writing about, the history of aviation and space flight.

Eligibility: Postdoctoral fellowships are open to applicants who have received a PhD degree or equivalent within 7 years of the beginning of the fellowship period. Predoctoral fellowships are open to applicants who have completed preliminary coursework and examinations and are engaged in dissertation research. All applicants must be able to speak and write fluently in English.

Level of Study: Postdoctorate, Predoctorate

Type: Fellowship

Value: An annual stipend of \$30,000 for predoctoral candidates and \$45,000 for postdoctoral candidates will be awarded, with limited additional funds for travel and miscellaneous expenses

Length of Study: 3–12 months

Frequency: Annual

Study Establishment: A major portion of the research must be conducted at the Smithsonian Institution

Country of Study: United States of America

No. of awards offered: Varies

Application Procedure: Applicants must submit a summary description, research proposal, bibliography, estimated schedule, research budget, transcripts from all graduate institutions, English training with test scores and level of proficiency in reading, conversing and writing (if English is not the applicant's native language), a curriculum vitae and letters from 3 referees. 6 copies of the complete application must be submitted.

Closing Date: January 15th

Additional Information: Residence in the Washington, DC metropolitan area during the fellowship term is a requirement of the fellowship. Please see the website for further details <http://airandspace.si.edu/research/fellowships/guggenheim.cfm>.

National Air and Space Museum

Subjects: Aerospace studies.

Purpose: To support research on aerospace topics.

Value: \$5,000

Frequency: Every 2 years

Country of Study: United States of America

Founded in 1923, the Social Science Research Council (SSRC) is an independent, non-governmental, non-profit international association devoted to the advancement of interdisciplinary research in the social sciences. The aim of the organization is to improve the quality of publicly available knowledge around the world.

**African Peacebuilding Network (APN) Residential
Postdoctoral Fellowship Program****Purpose:** To support independent African research and its integration into regional and global policy communities.**Eligibility:** Applicants must be African citizens currently residing in an African country. Researchers based in conflict-affected African

countries or those recently emerging from conflict are especially encouraged to apply. Applicants must hold a faculty or research position at an African university and have completed their PhD within 7 years of the application deadline.

Level of Study: Research**Type:** Fellowships**Value:** A maximum of \$20,000**Frequency:** Annual**No. of awards offered:** Up to 4**Application Procedure:** All applications must be uploaded through our online portal. For enquiries or technical questions pertaining to the portal, please contact APN staff (apn@ssrc.org). Unfortunately, due to the volume of applications we receive, no mailed materials will be accepted.**Closing Date:** December**Additional Information:** If you have questions, please contact APN program staff by telephone at (1) 212 377 2700 or by email at apn@ssrc.org.**For further information contact:****Tel:** 212 377 2700**Email:** apn@ssrc.org**Contact:** APN program staff**The Dissertation Proposal Development Fellowship
(DPDF)****Subjects:** Humanities and social sciences.**Purpose:** To help graduate students in the humanities and social sciences formulate doctoral dissertation proposals.**Eligibility:** Open to graduate students in the early phase of their research. Please check website www.ssrc.org/fellowships/dpdf-fellowship for more information.**Level of Study:** Predoctorate**Type:** Fellowship**Value:** Fellows up to US\$5,000**Length of Study:** 2 workshops and summer fieldwork funding**Frequency:** Annual**No. of awards offered:** 60**Application Procedure:** Check website for further details – www.ssrc.org/programs/dpdf/.**Closing Date:** October 15th**Funding:** Foundation**Contributor:** Andrew W. Mellon Foundation**No. of awards given last year:** 60**No. of applicants last year:** 450**Additional Information:** Please see the website for further details www.ssrc.org/fellowships/dpdf-fellowship/.**ESRC/SSRC Collaborative Visiting Fellowships****Subjects:** Social sciences (including history).**Purpose:** To encourage communication and cooperation between social scientists in Great Britain and the Americas.**Eligibility:** Open to PhD scholars in the Americas, ESRC-supported centres, and holders of large grants awards or professorial fellowships in Britain.**Level of Study:** Doctorate, Research**Type:** Fellowship**Value:** Up to US\$9,500**Length of Study:** 1–3 months**Frequency:** Annual**No. of awards offered:** Approx. 18**Application Procedure:** Check website for further details.**Closing Date:** April 16th**For further information contact:****Email:** international@esrc.ac.uk**Website:** www.ssrc.org/fellowships/esrc-ssrc-collaborative-visiting-fellowships/**Japan Society for the Promotion of Science (JSPS)
Fellowship****Subjects:** Social sciences and humanities.

Purpose: To provide qualified researchers with the opportunity to conduct research at leading universities and other research institutions in Japan.

Eligibility: Applicants must be U.S. citizens or permanent residents at the time of application and submit proof of affiliation with an eligible host research institution in Japan as part of the application packet.

Permanent residents must provide a copy of a permanent resident card. Citizens of other countries are eligible for the short-term fellowship (1–12 months) if they have completed a Master's or PhD course at an institution of higher education in the US and, upon completing the course, have for at least three continuous years conducted high-level research at a university in the US. Applicants for long-term (12–24 months) fellowships must submit a copy of a PhD diploma dated no more than 6 years prior to applying. Check website for further details.

Level of Study: Doctorate, Postdoctorate

Type: Fellowship

Value: Round-trip airfare, insurance coverage for accidents and illness, a monthly stipend and settling-in allowance. Applicants will also be eligible for additional funds annually for research expenses for stays of 1–2 years and a domestic travel allowance for stays of 3–12 months

Length of Study: 1 month to 2 years

Frequency: Annual

Study Establishment: An approved institution

Country of Study: Japan

No. of awards offered: Up to 20

Application Procedure: Applications are available on www.ssrc.org/fellowships/jsp-fellowships.

Closing Date: December 1st

Funding: Government

Contributor: The Japan Society for the Promotion of Science

No. of awards given last year: 10–20

No. of applicants last year: 25–40

Additional Information: Fellows are selected by the Japan Society for the Promotion of Science based on nominations made by the SSRC Japan Advisory Board. Applicants will be notified of their nomination status by the following March. Successful applicants will be notified directly by JSPS in the summer.

For further information contact:

Tel: 212 37 2700

Mellon Mays Predoctoral Research Grants

Subjects: Anthropology and archaeology, area/cultural/ethnic/gender studies, art history, classics, computer science, geography and population studies, earth/environmental/geological science and ecology, English, film, cinema and media studies (theoretical focus), musicology and ethnomusicology, foreign languages and literatures, history, linguistics, literature, mathematics, oceanographic/marine/atmospheric/planetary science, performance studies (theoretical focus)/philosophy and political theory, physics and astronomy, religion and theology, sociology, theater (non-performance focus).

Eligibility: Applicants must be a Mellon fellow enrolled in a doctoral program. Applicants must have been selected as Mellon Mays Fellows as undergraduates. Fellows may apply for one grant per year and must be enrolled in a doctoral program in one of the fields listed in the website or have filed a petition for inclusion of another field.

Value: Total of \$5,000 in GSE and PRD funds; DCG grant money is not applied towards this total

Application Procedure: Applicants should use the online application portal to apply. For detailed information, please visit: www.ssrc.org/fellowships/mellon-mays-predoctoral-research-grants/.

Closing Date: November 1st

Additional Information: If accepted, grants take 5–6 weeks to process.

SSRC Abe Fellowship Program

Subjects: Social sciences and related fields relevant to any one or combination of (i) traditional and non-traditional approaches to security and diplomacy; (ii) global and regional economic issues; (iii) the role of civil society.

Purpose: To encourage international multidisciplinary research on topics of pressing global concern and to foster the development of a new generation of researchers who are interested in policy-relevant topics of long-range importance and who are willing to become key members of a bilateral and global research network built around such topics.

Eligibility: Open to citizens of Japan and the US and to other nationals who can demonstrate serious and long-term affiliations with research communities in Japan or the US. Applicants must hold a PhD or have attained an equivalent level of professional experience. Applications from researchers in non-academic professions are welcome.

Level of Study: Postdoctorate

Type: Fellowship

Value: Research and travel expenses as necessary for the completion of the research project in addition to limited salary replacement

Length of Study: Up to 1 year

Frequency: Annual

Study Establishment: An appropriate institution

Country of Study: United States of America

No. of awards offered: Approx. 14

Application Procedure: Applicants must submit an online application along with a writing sample, letter of reference and an optional language evaluation form.

Closing Date: September 1st

Funding: Foundation

Contributor: The Japan Foundation Center for Global Partnership

No. of awards given last year: 14

No. of applicants last year: 60–100

Additional Information: In addition to working on their research projects, Fellows will attend annual conferences and other events sponsored by the program, which will promote the development of an international network of scholars concerned with research on contemporary policy issues. Funds are provided by the Japan Foundation Center for Global Partnership.

Website: www.ssrc.org/fellowships/abe-fellowship/

SSRC International Dissertation Research Fellowship

Subjects: Non-U.S. cultures and societies grounded in empirical and site-specific research (involving fieldwork, research in archival or manuscript collections, or quantitative data collection).

Purpose: To support distinguished graduate students in the humanities and social sciences conducting dissertation research outside the US.

Eligibility: Open to full-time graduate students in the humanities and social sciences regardless of citizenship enrolled in doctoral programs in the US. Applicants must complete all PhD requirements except on-site research by the time the fellowship begins.

Level of Study: Doctorate

Type: Fellowship

Value: Approx. US\$20,000

Length of Study: 9–12 months

Frequency: Annual

No. of awards offered: Approx. 75

Application Procedure: Applications are available on SSRC website.

Closing Date: November 3rd

Funding: Private

Contributor: The Andrew W Mellon Foundation

Additional Information: Applicants must contact the programme for further information by emailing.

SSHRC Impact Awards are designed to build on and sustain Canada's research-based knowledge culture in the social sciences and humanities. The awards recognize outstanding researchers and

celebrate their achievements in research, research training, knowledge mobilization and outreach activities funded partially or completely by SSHRC.

Aid to Research and Transfer Journals

Subjects: Social sciences and humanities.

Purpose: To assist in the effective dissemination of original research findings and in the transfer of knowledge to practitioners.

Eligibility: Open to candidates who are either Canadian citizens or permanent residents of Canada at the time of application and are established researchers in the social sciences or in the humanities. They must also be a member of the sponsoring institution or organization and not be under SSHRC sanction for financial or research misconduct. Check SSHRC website for further details.

Level of Study: Research

Type: Grant

Value: Check SSHRC website for further details

Frequency: Every 3 years

Country of Study: Canada

Application Procedure: Applicants must make the case for the funding requested. For full details on application visit the website.

Closing Date: June 30th

Funding: Government

Aid to Scholarly Journals

Subjects: Social sciences and humanities.

Purpose: To promote the sharing of research results by assisting the publication of individual works that make an important contribution to the advancement of knowledge.

Eligibility: Applicants must consult the Canadian Federation for the Humanities and Social Sciences website for eligibility requirements.

Level of Study: Postdoctorate, Research

Type: Grant

Value: Up to \$30,000 per year

Length of Study: 3 years

Frequency: Annual

Application Procedure: Applicants must refer to the website or email the Humanities and Social Sciences Federation of Canada.

Closing Date: June 2nd

Funding: Government

Additional Information: The program is administered on behalf of SSHRC by the Humanities and Social Sciences Federation of Canada.

For further information contact:

The Humanities and Social Sciences Federation of Canada,
151 Slater Street, Ottawa, ON, K1P 5H3, Canada
Tel: (1) 613 238 6112 ext 350
Email: secaspp@fedcan.ca

Aid to Small Universities

Subjects: Arts, humanities and social sciences.

Purpose: To enable the focused development of social sciences and humanities research capacity in small universities.

Eligibility: Open to institutions that have active degree-granting status for social sciences and humanities disciplines at the undergraduate level or beyond, and are institutional members of the Association of Universities and Colleges of Canada (AUCC), or institutional members of the AUCC and affiliated with an institution itself too large to be eligible for the ASU Program. Institutions applying must also have fewer than 250 full-time faculty in SSHRC fields and be independent of the federal government for the purpose of faculty employment status.

Level of Study: Research

Type: Grant

Value: Up to a maximum of Canadian \$30,000

Length of Study: 3 years

Frequency: Every 3 years

Country of Study: Canada

Application Procedure: Applicants must contact the organization or visit the SSHRC website.

Closing Date: December 1st

Funding: Government

Additional Information: Please see the website for further details www.mta.ca/research_activities/development/small_com_index.html.

Aileen D Ross Fellowship

Subjects: Sociology.

Purpose: To support an outstanding SSHRC Doctoral Award or Postdoctoral Fellowship holder who is conducting research in sociology, especially on poverty.

Eligibility: Open to Canadian citizens or permanent residents living in Canada at the time of application who are not under SSHRC sanction resulting from financial or research misconduct, or already in receipt of SSHRC, NSERC or CIHR funding to undertake or complete a previous doctoral or combined MA or PhD degree. At the time of taking up the award, applicants must have completed either a Master's degree or at least 1 year of doctoral study, and be pursuing either full-time studies leading to a PhD or equivalent, with a research specialization in sociology and with the intention of pursuing an academic career. Candidates wishing to study at a foreign university may only do so if at least one of their previous degrees was earned in Canada.

Level of Study: Doctorate, Postdoctorate

Type: Fellowship

Value: Canadian \$10,000 plus the value of the fellowship

Length of Study: 1 year

Country of Study: Canada

No. of awards offered: 1

Application Procedure: Applicants must indicate their interest on their doctoral or postdoctoral application form.

Closing Date: Postdoctoral applications are due October 6th. For applicants registered at a Canadian university: University sets the deadline. For all others: November 5th

Funding: Government, trusts

Additional Information: Preference will be given to postdoctoral applicants. Please see the website for further details www.sshrc-crsh.gc.ca/results-resultats/prizes-prix/fellowships-bourses-eng.aspx.

Bora Laskin National Fellowship in Human Rights Research

Subjects: Human rights, as relevant to Canada.

Purpose: To support research, preferably of a multidisciplinary or interdisciplinary nature, and to develop Canadian expertise in the field of human rights, with an emphasis on themes and issues relevant to the Canadian human rights scene.

Eligibility: Open to Canadian citizens or permanent residents of Canada. Preference will be given to applicants with at least 5 years of proven research experience in their field, as this fellowship is not intended for scholars just beginning their research careers. The successful candidate must not be under SSHRC sanction for financial or research misconduct.

Level of Study: Postdoctorate, Research

Type: Fellowship

Value: Canadian \$40,500 plus a research and travel allowance of Canadian \$10,000

Length of Study: 1 year, non-renewable

Frequency: Annual

No. of awards offered: 1

Application Procedure: Applicants must complete an application form, available from the SSHRC website.

Closing Date: October 1st

Funding: Government

Canadian Initiative on Social Statistics: Data Training Schools

Subjects: Social sciences.

Purpose: To promote research and training in the application of Canadian social statistics.

Eligibility: Eligible applicants include research groups, departments and centres that are operating in a Canadian university. Eligible participants include students and researchers at a variety of levels.

Level of Study: Doctorate, Graduate, Postdoctorate, Predoctorate, Research

Type: Grant

Value: Up to Canadian \$50,000 per year

Length of Study: 3 years

Frequency: Annual

Application Procedure: Applicants must visit the SSHRC website for application forms and instructions.

Closing Date: December 7th

SSHRC Impact Awards

Subjects: Social sciences and humanities.

Eligibility: Open to Canadian citizen or permanent resident of Canada and be affiliated with an institution eligible to administer SSHRC funds.

Type: Award

Value: \$50,000 or \$100,000 (Gold Medal (\$100,000); Talent Award (\$50,000); Insight Award (\$50,000); Connection Award (\$50,000); Partnership Award (\$50,000);

Country of Study: Canada

Closing Date: April 5th

Additional Information: Please mail nomination packages to: Research Training Portfolio Social Sciences and Humanities Research Council, 350 Albert Street, P.O. Box 1610, Ottawa, ON K1P 6G4.

SSHRC Institutional Grants

Subjects: Social sciences and humanities.

Purpose: To help universities develop and maintain a solid base of research and research-related activities.

Eligibility: Open to Canadian postsecondary institutions only.

Level of Study: Postgraduate

Type: Research grant

Value: Minimum Canadian \$5,000 per year

Length of Study: 3 years

Frequency: Annual

Country of Study: Canada

No. of awards offered: Varies

Application Procedure: Applicants must complete an application form available from the SSHRC website.

Closing Date: December 1st

Funding: Government

SSHRC Postdoctoral Fellowships

Subjects: Social sciences and humanities.

Purpose: To support the most promising new scholars and to assist them in establishing a research base at an important time in their research career.

Eligibility: Open to candidates who are Canadian citizens or permanent residents living in Canada at the time of application. They must also be able to demonstrate skill in research, not be under

SSHRC sanction resulting from financial or research misconduct and have earned their doctorate from a recognized university no more than 3 years prior to the competition deadline or have completed their degree within 6 years prior to the competition deadline, but have had their career interrupted or delayed for the purpose of child-rearing. Candidates must also have finalized arrangements for affiliation with a recognized university or research institution and have applied not more than twice before for a SSHRC postdoctoral fellowship. At the time of taking up the award, applicants must have completed all requirements for the doctoral degree, must intend to engage in full-time postdoctoral research for the period of the award and not hold or have held a tenure or tenure-track position.

Level of Study: Postdoctorate

Type: Fellowship

Value: Up to Canadian \$40,500 per year

Length of Study: 12–24 Months

Frequency: Annual

Study Establishment: For applicants who earned their doctorate at a Canadian University, there is no restriction on the location of the tenure

Country of Study: Any country, under certain conditions

No. of awards offered: Approx. 100

Application Procedure: Applicants must complete an application form available in the SSHRC website.

Closing Date: September 23rd

Funding: Government

No. of awards given last year: 140

No. of applicants last year: 558

Additional Information: Applicants wishing to hold their award at a foreign university may do so only if their PhD was earned at a Canadian university. Please see the website for further details www.sshrc-crsh.gc.ca/funding-financement/index-eng.aspx#results-resultats.

SSHRC Strategic Research Grants

Subjects: Social sciences and humanities.

Purpose: To support targeted research and research-related activities in areas of national importance. SSHRC offers many separate programs to support strategic research. See the website for current offerings.

Eligibility: Varies as per requirements.

Level of Study: Doctorate, Postgraduate, Research

Type: Grant

Value: Up to \$12,000 per year for master's student; up to \$15,000 per year for doctoral students; up to \$31,500 per year postdoctoral student

Length of Study: 1–5 years

Frequency: Annual

Country of Study: Canada

Application Procedure: Applicants must visit the website for full application details.

Closing Date: Varies according to program

Funding: Foundation, government, trusts

Additional Information: Please see the website for further details www.sshrc-crsh.gc.ca/funding-financement/using-utiliser/grant_regulations-reglement_subventions/strat_grants-subventions_strat-eng.aspx.

Thérèse F Casgrain Fellowship

Subjects: Women and social change in Canada.

Purpose: To carry out research in the field of social justice, particularly in the defence of individual rights and the promotion of the economic and social interests of Canadian women.

Eligibility: Open to Canadian citizens or permanent residents. At the time of taking up the fellowship, the successful candidate must have obtained a doctorate or an equivalent advanced professional degree, as well as have proven research experience and not be under SSHRC sanction for financial or research misconduct.

Level of Study: Postdoctorate

Type: Fellowship

Value: Canadian \$40,000, paid in three installments, of which up to Canadian \$10,000 may be used for travel and research expenses

Length of Study: 1 year, non-renewable

Frequency: Every 2 years

Country of Study: Canada

No. of awards offered: 1

Application Procedure: Applicants must complete an application form, available from the website. Application forms and instructions are available on the SSHRC website.

Closing Date: October 1st

Funding: Private

Contributor: The Thérèse F Casgrain Foundation

No. of awards given last year: 1

No. of applicants last year: 21

Additional Information: The fellowship was created by the Thérèse F Casgrain Foundation and is administered by the Social Sciences and Humanities Research Council. Affiliation with a university or an appropriate research institute or similar organization is desirable, but is not a condition of the award. Recipients must submit a final report to the Foundation outlining conclusions of the research, accompanied by a complete financial statement for all expenses.

SOCIAL WORKERS EDUCATIONAL TRUST

British Association of Social Workers, 16 Kent Street, Birmingham, West Midlands, B5 6RD, England

Tel: (44) 12 1622 3911

Fax: (44) 12 1622 4860

Email: swet@basw.co.uk

Website: www.socialworkerseducationaltrust.org

Contact: Ms Gill Aslett, Honorary Secretary

Anne Cummins Scholarship

Subjects: Health-related social work.

Purpose: To support study or research on health-related social work practice.

Eligibility: Open to qualified social workers who have completed 2 years of work practice post qualification, resident in the UK.

Level of Study: Postgraduate, Professional development

Type: Scholarship

Value: UK£1,000–1,500

Frequency: Annual

Country of Study: United Kingdom

No. of awards offered: 1

Application Procedure: Applicants must complete an application form. Details and forms are available on written request from the Trust, at the Birmingham address.

Closing Date: May (check with website)

Funding: Private

No. of awards given last year: 1

SOCIETY FOR PROMOTION OF ROMAN STUDIES

Roman Society, Room 252, South Block, Senate House, Malet Street, London, WC1E 7HU, England

Tel: (44) 020 7862 8727

Fax: (44) 020 7862 8728

Email: office@romansociety.org

Website: www.romansociety.org

Contact: Dr Fiona Haarer, Secretary of Society

The Society for the Promotion of Roman Studies aims to promote the study of history, architecture, archaeology, language, literature and the art of Italy and the Roman Empire, including Roman Britain, from the earliest times to about 700 AD.

Hugh Last Fund and General Fund

Subjects: History, language and literature of the Roman empire.

Purpose: To assist in the undertaking, completion, or publication of works relating to the general scholarly purposes of the Roman Society, excluding expenses in connection with archaeological projects. The Hugh Last Fund also excludes travelling, hotel, conference, or other living expenses of scholars.

Level of Study: Research, Graduate, Postdoctorate, Postgraduate

Value: Varies £100–1,000

Frequency: Annual

No. of awards offered: 10–15

Application Procedure: Applications should be made using the application form – the completed application should not exceed two sides of A4. Applicants should give a concise and clear outline of the project, including publication plans if relevant, and itemise the costs requested. They must declare any other applications being made for the same project. Completed applications should be sent to the Secretary by email: office@romansociety.org. Download the application form from www.romansociety.org/grants-prizes/hugh-last-fund.html. See the guidelines and download an application form from: www.romansociety.org/grants-prizes/hugh-last-fund-general-fund.html.

Closing Date: January 31st

Additional Information: Individuals may not make more than one application in any year.

SOCIETY FOR THE ARTS IN RELIGIOUS AND THEOLOGICAL STUDIES (SARTS)

United Theological Seminary of the Twin Cities, 3000 5th Street NW, New Brighton, MN, 55112, United States of America

THE SOCIETY FOR THE PSYCHOLOGICAL STUDY OF SOCIAL ISSUES (SPSSI)

SPSSI Central Office, 208 I Street NE, Washington, DC, 20002-4340, United States of America

Tel: (1) 202 675 6956

Fax: (1) 202 675 6902

Email: spssi@spssi.org

Website: www.spssi.org

Contact: Alex Ingrams, Administrative Assistant

The Society for the Psychological Study of Social Issues (SPSSI) is an interdisciplinary, international organization of over 3,000 social scientists who share an interest in research on the psychological aspects of

important social issues. The Society's goals are to increase the understanding of social issues through research and its dissemination and to support policy efforts consistent with such research.

Clara Mayo Grants

Subjects: Aspects of sexism, racism and prejudice.

Purpose: To support masters' theses or pre-dissertation research on aspects of sexism, racism, or prejudice.

Eligibility: Open to individuals who are SPSSI members and who have matriculated in graduate programs in psychology, applied social science, and related disciplines. A student who is applying for a Grants-In-Aid may not apply for the Clara Mayo award in the same award year. Applicants may submit only one Mayo application per calendar year. Proposals that include a college or university agreement to match the amount requested will be favored, but proposals without matching funds will also be considered.

Level of Study: Graduate, Postgraduate

Type: Research grant

Value: Up to US\$1,000 (Proposals that include a college or university agreement to match the amount requested will be favored, but proposals without matching funds will also be considered.)

Frequency: Annual, Biannual

Country of Study: Any country

No. of awards offered: Up to 6

Application Procedure: The Application should include: (1) A cover sheet stating title of thesis proposal, name of investigator, address, phone, and if possible, fax and email; (2) an abstract of no more than 100 words summarizing the proposed research; (3) project purposes, theoretical rationale, research methodology, and analytic procedures to be employed; (4) relevance of research to SPSSI goals and funding criteria; (5) status of human subjects review process (which must be satisfactorily completed before grant funds can be forwarded); (6) clear statement of type of degree program applicant is enrolled in (e.g., terminal master's program); (7) faculty advisor's recommendation, including certification that the proposal is for a master's thesis or pre-dissertation research; (8) specific amount requested, including a budget; (9) if available, an institutional letter of agreement to match the funds requested. Recommended length for points (1) through (4) of the application is 5–7 double-spaced, 12-point font, typed pages.

Closing Date: May 2nd and October 15th

Funding: Private

No. of awards given last year: 5

No. of applicants last year: 10

Additional Information: Incomplete applications will be returned. Late applications may be held until the next deadline. Please see the website for further details www.spssi.org/index.cfm?fuseaction=page.viewpage&pageid=727.

Louise Kidder Early Career Award

Subjects: Social and community psychology.

Purpose: To recognize social issues researchers who have made substantial contributions to the field early in their careers.

Eligibility: Nominees should be social issues investigators who have made substantial contributions to social issues research within 5 years of receiving a graduate degree and who have demonstrated the potential to continue such contributions. Nominees need not be current SPSSI members.

Level of Study: Postdoctorate, Professional development

Type: Award

Value: US\$500 plus plaque

Frequency: Annual

Country of Study: Any country

No. of awards offered: 1

Application Procedure: The online application form should be completed and sent as an email attachment. For further details visit the website. Application should include a cover letter outlining the nominee's accomplishments to date and anticipated future contributions, the nominee's curriculum vitae and three letters of support.

Closing Date: June 20th

Funding: Private

No. of awards given last year: 1

No. of applicants last year: 10

Additional Information: Late applications will be retained for the next year. The winner will be announced by August 1st. Please see the website for further details.

Otto Klineberg Intercultural and International Relations Award

Subjects: Intercultural and international relations.

Purpose: To recognize the best paper or article of the year on intercultural or international relations.

Eligibility: Entries can be either unpublished manuscripts, in press papers or books, or papers or books published no more than 18 months prior to the submission deadline. Entries cannot be returned. The competition is open to non-members, as well as members of SPSSI, and graduate students are especially urged to submit papers. The originality of the contribution, whether theoretical or empirical, will be given special weight. Submissions from across the social sciences are encouraged, however the paper must clearly demonstrate its relevance for psychological theory and research in the domain of intercultural and international relations.

Level of Study: Postdoctorate, Doctorate, Postgraduate, Graduate

Type: Prize

Value: US\$1,000

Frequency: Annual

Country of Study: Any country

No. of awards offered: 1

Application Procedure: The online application form should be completed and sent as an email attachment. For further details visit the website.

Closing Date: March 1st

Funding: Private

No. of awards given last year: 1

No. of applicants last year: 8

Additional Information: Late applications will be retained for the next year. Please see the website for further details.

SPSSI Applied Social Issues Internship Program

Subjects: The application of social principles to social issues in cooperation with a community or government organization, public interest group or other not-for-profit entity that will benefit directly from the project.

Purpose: To encourage research that is conducted in cooperation with a community or government organization, public interest group or other not-for-profit entity that will benefit directly from the project.

Eligibility: Open to college seniors, graduate students and 1st year postdoctorates in psychology, applied social science and related disciplines. Applicants must be SPSSI members.

Level of Study: Graduate, Postgraduate, Postdoctorate

Type: Grant

Value: US\$300–2,500 to cover research costs, community organizing, Summer stipends, etc.

Frequency: Annual

Country of Study: Any country

No. of awards offered: Varies

Application Procedure: The Application should include: (1) a 3–6 page proposal including the proposed budget and a cover sheet with the applicant's name, address, phone number, email address and title of their proposal. If an intervention is planned, the proposal should carefully describe the theoretical rationale for the intervention, specifically how the effectiveness of the program will be assessed and the plan to disseminate the findings to relevant parties and policy makers; (2) a short curriculum vitae; (3) a letter from a faculty sponsor/supervisor of the project, a statement concerning protection for participants if relevant and any funds that the sponsoring organization will use to support the intern's research; (4) a letter from an organizational sponsor (waived if the applicant is proposing to organize a group) that endorses the intern's research activities, describes how the organization will potentially benefit from the work, and outlines any funds the organization will use to support the intern's research.

Closing Date: April 25th

Funding: Private

No. of awards given last year: 1

No. of applicants last year: 5

Additional Information: Late applications will be retained for the next year. Cost sharing by sponsoring department or organization is desirable. Please see the website for further details www.spssi.org/index.cfm?fuseaction=page.viewpage&pageid=637.

SPSSI Grants-in-Aid Program

Subjects: Scientific research in social problem areas related to the basic interests and goals of SPSSI and particularly those that are not likely to receive support from traditional sources.

Purpose: To support scientific research in social problem areas related to the basic interests and goals of SPSSI.

Eligibility: Applicant must be a member of SPSSI. Applicants may submit only one application per deadline. If applied to the Clara Mayo Grant in the same award year he/she is not eligible for GIA. Individuals may submit a joint application.

Level of Study: Doctorate, Graduate, Postdoctorate, Postgraduate
Type: Grant

Value: Up to US\$2,000 for postdoctoral work and up to US\$1,000 for graduate student research that must be matched by the student's university

Frequency: Biannual

Country of Study: Any country

No. of awards offered: Varies

Application Procedure: The Application should include: (1) A cover sheet with the applicant's name, address, phone number, email address and title of the proposal. (2) An abstract of 100 words or less summarizing the proposed research. (3) Project purposes, theoretical rationale, and research methodology and analytical procedures to be employed. (4) Relevance of research to SPSSI goals and Grants-in-Aid criteria. (5) Status of human subjects review process (which must be satisfactorily completed before grant funds can be forwarded). (6) Curriculum vitae of investigator (a faculty sponsor's recommendation must be provided if the investigator is a graduate student; support is seldom awarded to students who have not yet reached the dissertation stage). (7) Specific amount requested, including a budget. For co-authored submissions, please indicate only one name and institution to which a check should be jointly issued if selected for funding.

Closing Date: May 15th and October 20th

Funding: Private

Contributor: The Sophie and Shirley Cohen Memorial Fund and membership contributions

No. of awards given last year: Approx. 10

No. of applicants last year: Approx. 18

Additional Information: Late applications may be held until the next deadline. Proposals for highly timely and event-oriented research may be submitted at any time during the year to be reviewed within 1 month of receipt on an ad hoc basis. If yours is a time-sensitive application, please indicate that on the outside of the envelope.

SPSSI Social Issues Dissertation Award

Subjects: Social issues in psychology or in a social science with psychological subject matter.

Purpose: To encourage excellence in socially relevant research.

Eligibility: Open to doctoral dissertations in psychology (or in a social science with psychology subject matter) accepted between March 1st of the year preceding that of application and March 1st of the year of application. In the award year (July 1st to June 30th) an individual or group may only submit one paper to one SPSSI paper award (amongst Allport, Klineberg and Dissertation awards).

Level of Study: Postgraduate

Type: Prize

Value: First prize of US\$1,000 and a second prize of US\$500

Frequency: Annual

Country of Study: Any country

No. of awards offered: 2

Application Procedure: A 500-word summary of the dissertation. The summary should include title, rationale, methods, and results of dissertation, as well as its implications for social problems. Please also include a cover sheet that states the title of the dissertation, applicant's name, postal and email addresses, phone number, and university granting the degree.

Closing Date: May 1st

Funding: Private

No. of awards given last year: 2

No. of applicants last year: 15

Additional Information: Online applications are the preferred method. Applicants will be notified of their status by July. Finalist will be asked to provide certification by the dissertation advisor of the acceptance date of the dissertation and four copies of dissertation. Final decision will be announced by September 1st.

SOCIETY FOR THE STUDY OF FRENCH HISTORY

School of History & Archives, Newman Building,
University College Dublin, Belfield, Dublin, 4, Ireland
Tel: (353) 1 716 8151
Fax: (353) 1 334 462 927
Email: Sandy.Wilkinson@ucd.ie
Website: www.frenchhistorysociety.ac.uk
Contact: Dr Sandy Wilkinson, Secretary

The Society for the Study of French History was established to encourage research into French history. It offers a forum where scholars, teachers and students can meet and exchange ideas. It also offers bursaries for research and conferences to post-graduates in Britain and Ireland undertaking research into French history.

Society for the Study of French History Bursaries

Subjects: Any aspect of French history.

Purpose: To enable postgraduates undertake research in French history. To enable postgraduates attend conferences concerning French history.

Eligibility: Open to postgraduate students registered at a U.K. or Republic of Ireland university. Students at any level at postgraduate study may apply, provided that their dissertation is on some aspect of French history.

Level of Study: Postgraduate

Type: Bursary

Value: Up to UK£750

Length of Study: Dependent on the project for which the award is given

Frequency: Annual

Country of Study: France

No. of awards offered: Up to 20

Application Procedure: Applicants must give details of the research being pursued and the use to which the money would be put, along with the names of two referees. Applicants are responsible for writing to their referees. Successful applicants will be required to submit, in the first instance, a brief outline of their research proposal and then, after the research trip, a synopsis of their findings, both for publication on the Society's website. Application forms can be downloaded from the Society's website.

Closing Date: March 23rd

Funding: Private

Contributor: The Society for the Study of French History

No. of awards given last year: 11

No. of applicants last year: 13

Additional Information: Please see the website for further details www.frenchhistorysociety.ac.uk/grants.htm.

THE SOCIETY FOR THEATRE RESEARCH

c/o National Theatre Archive, 83-101 The Cut, London,
SE1 8LL, England
Email: e.cottis@btinternet.com
Website: www.str.org.uk
Contact: Chairman, Research Awards Sub-Committee

The Society for Theatre Research was founded in 1948 for all those interested in the history and techniques of British theatre. It publishes annually one or more books, newsletters and three issues of the journal *Theatre Notebook*, holds lecture meetings and other events, and gives an annual book prize as well as grants for theatre research.

Society for Theatre Research Awards

Subjects: The history and practice of the British theatre, including music hall, opera, dance and other associated performing arts.

Purpose: To aid research into the history and practice of British theatre.

Eligibility: Applicants should normally be 18 years of age or over, but there is no other restriction on their status, nationality or the location of the research. Undergraduates should not apply.

Level of Study: Unrestricted

Value: £100–2,000

Frequency: Annual

Country of Study: Any country

No. of awards offered: 2 major awards and a number of lesser awards

Application Procedure: Applicants must write to the Chairman of the Research Awards Sub-Committee after October 1st of the preceding year for an application form and guidance notes. All applications and enquiries must be made by post to the Society's accommodation address.

Closing Date: February 7th

Funding: Private

Contributor: Members' subscriptions, donations and bequests

No. of awards given last year: 11

No. of applicants last year: 32

Additional Information: While applicants will need to show evidence of the value of the research and a scholarly approach, they are by no means restricted to professional academics. Many awards, including major ones, have previously been made to theatre practitioners and amateur researchers who are encouraged to apply. The Society also welcomes proposals which in their execution extend the methods and techniques of historiography. In coming to its decisions, the Society will consider the progress already made by the applicants and the possible availability of other grants. Please see the website for further details www.str.org.uk/research/awards/index.html.

SOCIETY OF ACTUARIES

475 North Martingale Road, Suite 600, Schaumburg,
IL, 60173-2226, United States of America
Tel: (1) 847 706 3500
Fax: (1) 847 706 3519
Email: eschulty@soa.org
Website: www.soa.org
Contact: Barbara Scott

The Committee on Knowledge Extension research of the Society of Actuaries, the Casualty Actuarial Society and The Actuarial Foundation of Canada carry out research and education projects in actuarial science and study specific projects that could be advanced under this mechanism.

CKER/CAS Individual Grants Competition

Subjects: Actuarial science.

Purpose: To produce publications that will advance actuarial science, especially with regard to practical applications.

Eligibility: Individuals and groups may apply. Letters of Intent may come from practitioners, usually where the research project is not part of their employment; industry and university researchers; and academics. Graduate and undergraduate students are not eligible to apply individually, but may be part of a group in one of the above categories.

Level of Study: Unrestricted

Type: Grant

Value: Varies, approx. US\$10,000–15,000

Length of Study: Projects should generally be of less than 1 year in duration

Frequency: Annual

Country of Study: Any country

No. of awards offered: Varies

Application Procedure: Applicants must submit a letter of intent and an application form.

Closing Date: Mid-October Annually

Funding: Private

Contributor: The Society of Actuaries and the Casualty Actuarial Society and individuals

No. of awards given last year: 7

No. of applicants last year: 40

Additional Information: The project may be either theoretical or empirical in nature. A key criteria is that the project should have the

potential to contribute significantly to the advancement of knowledge in actuarial science. The Actuarial Foundation, the CAS, the AFC and the SOA give preference to projects relating to current policy issues or having direct applications and those that further the basic or continuing education of actuaries. Proposals for innovative developments in actuarial education are also considered by The Actuarial Foundation, the CAS, the AFC and the SOA. More information is available from the website.

SOCIETY OF ARCHITECTURAL HISTORIANS (SAH)

1365 North Astor Street, Chicago, Illinois, 60610,
United States of America
Tel: (1) 312 573 1365
Fax: (1) 312 573 1141
Email: info@sah.org

SAH is an international not-for-profit membership organization that promotes the study and preservation of the built environment worldwide. The Society serves scholars, professionals in allied fields and the interested general public.

Beverly Willis Architecture Foundation Travel Fellowship

Subjects: Gender issues in the history of architecture, landscape architecture and associated fields.

Purpose: To advance the status of women in architecture.

Eligibility: Applicants must be members of the SAH.

Level of Study: Postdoctorate, Doctorate

Type: Fellowship

Value: US\$1,500 travel stipend

Frequency: Annual

Country of Study: United States of America

No. of awards offered: 1

Application Procedure: Apply online.

Closing Date: September 5th (check with website)

Edilia and Francois-Auguste de Montequin Fellowship

Subjects: Spanish, Portuguese and Ibero-American architecture.

Purpose: To support for travel related to research on Spanish, Portuguese, or Ibero-American architecture.

Eligibility: Applicants must be members of the SAH.

Level of Study: Postdoctorate, Doctorate

Type: Fellowship

Value: US\$2,000 for junior scholars awarded each year and US-\$6,000 for senior scholars awarded every 2 years

Length of Study: 1 year

Frequency: Every 2 years

No. of awards offered: 2

Application Procedure: Apply online.

Closing Date: September 5th

Funding: Foundation

Contributor: The Auguste de Montequin Foundation

Additional Information: Please see the website for further details.

George R. Collins Fellowship

Subjects: 19th or 20th century built environment.

Purpose: To enable a scholar to attend the annual meeting of the Society, held each April.

Level of Study: Doctorate, Postdoctorate, Postgraduate, Predoctorate

Type: Fellowship

Value: Up to \$1,000

Frequency: Annual

No. of awards offered: 1

Application Procedure: Applicants must complete an application form, available on request by writing to SAH for guidelines or visiting the SAH website.

Closing Date: September 5th

Funding: Private

No. of awards given last year: 1

Additional Information: Eligible to nationals of any country except US.

Keepers Preservation Education Fund Fellowship

Subjects: Historic preservation.

Purpose: To enable a graduate student to attend the annual meeting of the Society, held each April.

Eligibility: Open to members of any nationality who are currently engaged in the study of historic preservation.

Level of Study: Doctorate, Postdoctorate, Postgraduate, Predoctorate

Type: Fellowship

Value: Up to \$1,000

Frequency: Annual

Country of Study: Any country

No. of awards offered: 1

Application Procedure: Applicants must write to SAH for application guidelines or download an application from the Society's website.

Closing Date: September 5th

Funding: Private

No. of awards given last year: 1

Additional Information: Please see the website for further details.

Rosann Berry Fellowship

Subjects: Architectural history or an allied field, e.g. city planning, landscape architecture, decorative arts or historic preservation.

Purpose: To enable a student engaged in advanced graduate study to attend the annual meeting of the Society.

Eligibility: Open to persons of any nationality who have been members of SAH for at least 1 year prior to the meeting, and who are currently engaged in advanced graduate study, normally beyond the Master's level, that involves some aspect of the history of architecture or of one of the fields closely allied to it.

Level of Study: Postdoctorate, Postgraduate

Type: Fellowship

Value: US\$1,000 travel stipend

Frequency: Annual

Country of Study: Any country

No. of awards offered: 1

Application Procedure: Applicants must complete an application form, available on request by writing to SAH for guidelines or visiting the SAH website.

Closing Date: September 5th

Funding: Private

No. of awards given last year: 1

Additional Information: Please see the website for further details.

SAH Annual Meeting Fellowships for Scholars

Subjects: Europe in the 19th and 20th centuries as well as built environments worldwide (other than Europe) from ancient times to the present.

Purpose: To enable senior scholars and graduate students to attend the annual meeting of the society, held each April.

Eligibility: Applicants must be members of the SAH.

Level of Study: Doctorate, Postdoctorate, Postgraduate

Type: Fellowship

Value: Up to US\$1,000 travel stipend

Frequency: Annual

Country of Study: United States of America

No. of awards offered: 10

Application Procedure: Apply online.

Closing Date: September 5th

Additional Information: Eligible to nationals of any country except US.

SAH Fellowships for Independent Scholars

Purpose: To enable independent scholars to attend the annual meeting of the Society, held each April.

Level of Study: Doctorate, Graduate, Postdoctorate, Postgraduate

Type: Fellowship

Value: Up to \$1,000

Frequency: Annual

No. of awards offered: Please check website

Application Procedure: Applicants must complete an application form, available on request by writing to SAH for guidelines or visiting the SAH website.

Closing Date: August 1st to August 30th

Funding: Private

No. of awards given last year: 2

Additional Information: Please see the website for further details.

SAH Study Tour Fellowship

Subjects: Internationally significant buildings and sites.

Eligibility: Applicants must be members of the SAH.

Level of Study: Doctorate

Type: Fellowship

Value: Varies

Length of Study: 5–10 days

Frequency: Annual

No. of awards offered: Varies

Application Procedure: Contact the Society.

Closing Date: Varies, check website

Sally Kress Tompkins Fellowship

Subjects: Architectural history and historic preservation.

Purpose: To enable an architectural history student to work as an intern on an Historic American Buildings Survey project, during the summer.

Eligibility: Open to architectural history and historic preservation students.

Level of Study: Doctorate, Postdoctorate, Postgraduate

Type: Fellowship

Value: US\$10,000

Length of Study: 12 weeks

Frequency: Annual

Country of Study: United States of America

No. of awards offered: 1

Application Procedure: Applicants must submit an application including a sample of work, a letter of recommendation from a faculty member, and a U.S. Government Standard Form 171, available from HABS or most U.S. government personnel offices. Applications should be sent to the Sally Kress Tompkins Fellowship. Applicants not selected for the Tompkins Fellowship will be considered for other HABS Summer employment opportunities. For more information, please contact Lisa P. Davidson, HABS/HAER Co-ordinator.

Closing Date: December 31st

Funding: Government

No. of awards given last year: 1

THE SOCIETY OF AUTHORS

84 Drayton Gardens, London, SW10 9SB, England

Tel: (44) 020 7373 6642

Fax: (44) 020 7373 5768

Email: info@societyofauthors.org

Website: www.societyofauthors.org

Contact: The Administration Office

The Society of Authors is a non-profit making organization, founded in 1884, to protect the rights and further the interests of authors, mainly by giving bursaries, advice and help to members. It administers prizes and grants for authors.

The Authors' Foundation Grants

Subjects: Fiction or non-fiction.

Purpose: To provide grants to writers to assist them while writing books.

Eligibility: To apply the author must meet either of these conditions: the author has been commissioned by a commercial British publishers to write a work of fiction, poetry or non-fiction and needs funding. The author is without contractual commitment by a publisher but has least one book published already.

Level of Study: Professional development

Type: Grant

Value: £6,000 max

Length of Study: N/A

Frequency: Biannual

Country of Study: United Kingdom

Application Procedure: Please check the website for more details www.societyofauthors.net/grants.

Closing Date: April 30th and September 30th

Funding: Foundation

Contributor: The Authors' Foundation

No. of awards given last year: 65

No. of applicants last year: 183

Additional Information: Editors, translators and screenwriters are not eligible. Specific grants also awarded every 6 months (for which all applicants will automatically be considered).

Great Britain Sasakawa Foundation Grants

Subjects: Authorship relating to Japanese culture or society.
Eligibility: Preference will be given to authors whose work helps to interpret modern Japan to the English-speaking world.
Level of Study: Professional development
Type: Grant
Value: Up to £4,000
Length of Study: N/A
Frequency: Annual
Country of Study: United Kingdom
Application Procedure: Contact Paula Johnson at the Authors' Foundation or check the website for more details www.societyofauthors.net/grants.
Closing Date: April 30th and September 30th
Funding: Foundation
Contributor: Great Britain Sasakawa Foundation

The K. Blundell Trust Grant

Subjects: Fiction or non-fiction that has the aim of increasing social awareness.
Purpose: To support British authors under the age of 40 who need funding for important research, travel or other expenditure.
Eligibility: Applicants must be British by birth, resident in the UK, under the age of 40 and their work must contribute to the greater understanding of existing social and economic organization. They must have had one book published.
Level of Study: Professional development
Type: Grant
Value: £1,000–5,000
Length of Study: N/A
Frequency: Biannual
Country of Study: United Kingdom
Application Procedure: See the website for guidelines; submissions by fax or email are not acceptable.
Closing Date: April 30th and September 30th
Funding: Trusts
Contributor: K. Blundell Trust
No. of awards given last year: 6
No. of applicants last year: 10
Additional Information: No author may apply twice to the Trust within one 12-month period; grants will not be awarded to cover publication costs. Please see the website for further details www.societyofauthors.net/grants.

Michael Meyer Award

Subjects: Writing about the theatre or Sweden.
Eligibility: Please check The Author's Foundation for specific eligibility details for this grant.
Level of Study: Professional development
Type: Grant

SOCRATES SCULPTURE PARK

PO Box 6259, 32-01 Vernon Boulevard, Long Island City, NY, 11106,
United States of America

Tel: (1) 718 956 1819

Fax: (1) 718 626 1533

Email: info@socratessculpturepark.org

Website: www.socratessculpturepark.org

Socrates Sculpture Park was an abandoned riverside landfill and illegal dumpsite until 1986 when a coalition of artists and community members, under the leadership of artist Mark di Suvero, transformed it into an open studio and exhibition space for artists and a neighbourhood park for local residents. Today it is an internationally renowned outdoor museum and artist residency programme that also serves as a vital New York City park offering a wide variety of public services.

Socrates Sculpture Park Emerging Artist Fellowship Program

Subjects: Sculpture.

Purpose: To provide artists with opportunities to create and exhibit large-scale work in a unique environment that encourages strong interaction between artists, artworks and the public.

Eligibility: Open to artists who are not yet well established, are New York State residents and are in need of financial assistance.

Level of Study: Professional development

Type: Fellowship

Value: US\$5,000

Length of Study: Please check website <http://socratessculpturepark.org/exhibition/eaf14/>

Frequency: Annual

Country of Study: United States of America

No. of awards offered: 15

Application Procedure: Applicants can download the application form from the website. The completed application form along with a curriculum vitae, references, slide script and proposal must be submitted.

Closing Date: January 7th

Additional Information: Grants and fellowships are not available to artists who are enrolled in a school, college or university programme. Please see the website for further details.

SODERTORN UNIVERSITY

SE-141 89 Huddinge, Sweden

SONS OF THE REPUBLIC OF TEXAS

1717 8th Street, Bay City, TX, 77414, United States of America
Tel: (1) 979 245 6644
Fax: (1) 979 244 3819
Email: srtexas@srtexas.org
Website: www.srtexas.org

Contact: Janet Knox, Administrative Assistant

Sons of the Republic of Texas seeks to perpetuate the memory and spirit of the men and women who settled Texas and won its independence through great personal sacrifice and dedication to the cause of freedom.

Presidio La Bahia Award

Subjects: History.

Purpose: To promote the suitable preservation of relics, appropriate dissemination of data and research into Texas heritage, with particular emphasis on the Spanish colonial period.

Eligibility: Open to all persons interested in the Spanish colonial influence on Texas culture.

Level of Study: Unrestricted

Type: Award

Value: The 1st prize is a minimum of US\$1,200, and the 2nd and 3rd prizes are the divided balance from the total amount available of US\$2,000 at the discretion of the judges

Frequency: Annual

Study Establishment: Any suitable institution

Country of Study: Any country

No. of awards offered: 3

Application Procedure: Applicants must submit four copies of published writings to the office. Galley proofs are not acceptable.

Closing Date: Entries are accepted from June 1st to September 30th

Funding: Private

No. of awards given last year: 1

Additional Information: Research writings have, in the past, proved to be the most successful type of entry. However, consideration will be given to other literary forms, art, architecture and archaeological discovery. For projects other than writing, contestants should furnish a description of the proposed entry, so that the Chairman may issue specific instructions.

Summerfield G Roberts Award

Subjects: History.

Purpose: To encourage literary effort and research about historical events and personalities during the days of the Republic of Texas 1836–1846, and to stimulate interest in the period.

Eligibility: Open to all writers.

Level of Study: Unrestricted

Type: Award

Value: US\$2,500

Frequency: Annual

Study Establishment: Any suitable institution

Country of Study: Any country

No. of awards offered: 1

Application Procedure: Manuscripts must be written or published during the calendar year for which the award is given. There is no word limit. No entry may be submitted more than one time. The manuscripts must be mailed (5 copies, for the use of the judges) to the General Office of the Sons of the Republic of Texas.

Closing Date: January 15th

Funding: Private

No. of awards given last year: 1

Additional Information: The award was made possible through the generosity of Mr and Mrs Summerfield G Roberts.

SOUTHERN AFRICAN-NORDIC CENTER (SANORD)

SANORD Central Office, University of the Western Cape,
Private Bag x17, Bellville, ZA, 7535, South Africa
Website: <http://www.sanord.net/>

The Southern African-Nordic Centre is a non-profit membership organization of institutions of higher education and research for all Nordic countries and southern Africa.

Brain O'Connell (BOC) Partial Scholarship

Subjects: The Partial Scholarship Funding Programme of SANORD has been renamed the 'Brian O'Connell Partial Scholarship Programme' in honour of the major contributions Prof O'Connell has made to SANORD over the years. SANORD is making available partial scholarship opportunities for students from the Southern Africa institutions of higher education and research. Successful students will be required to spend 3 to 5 months at a Nordic (Norway, Sweden, Finland, Iceland or Denmark) SANORD member institution in order to engage in activities that will support the completion of the students' Master's degree.

Purpose: SANORD is making available partial scholarship opportunities for students from the Southern Africa institutions of higher education and research.

Eligibility: Enrolled for mainly Master's degrees at a SANORD member, Southern African institution. Must be willing to enhance their knowledge in order to make a contribution toward the development of Southern Africa. The applicant must liaise with the SANORD Coordinator at the host university and provide a written communication of acceptance from a host university.

Level of Study: Postgraduate

Length of Study: Successful students will be required to spend 3 to 5 months at a Nordic (Norway, Sweden, Finland, Iceland or Denmark) SANORD member institution in order to engage in activities that will support the completion of the students' Master's degree.

No. of awards offered: Varies

Application Procedure: Please check website for more details.

Closing Date: September 30th

SPACE ENVIRONMENT RESEARCH CENTRE (SERC)

Brisbane St Lucia, QLD 4072, Australia
Tel: (61) + 7 3365 1111
Contact: The University of Queensland

Space Environment Research Centre Scholarships

Subjects: Mathematics, physics, dynamic database management, engineering, adaptive optics, astrodynamics, atmospheric sciences, geodesy, geomatics, laser engineering, laser guide star adaptive optics, laser physics, satellite positioning, space sciences and space tracking.

Purpose: The CRC for Space Environment Management (SEMCR), managed by the Space Environment Research Centre (SERC) has been established to build on Australian and international expertise. Students can receive additional support and opportunities provided by the Space Environment Research Centre. Successful scholarship candidates will also have the opportunity to apply for exciting short-term placements in space research centres internationally and within Australia.

Eligibility: Consideration of all candidates will be given based on academic merit, relevance of studies to SERC objectives and potential for long-term contribution to research outcomes. Priority is given to students with first class honours (or equivalent) from participating countries, currently Australia, Japan and the USA.

Level of Study: Graduate, Postgraduate

Frequency: All year round

Country of Study: Australia

Application Procedure: To apply please visit: serc.org.au/students.

Closing Date: December 31st

Additional Information: The applicant is or will be enrolled in academic studies at a reputable Australian University. In the case of an international applicant, the applicant is required to have a valid passport, appropriate visa and may not be from a country subject to Trade Controls.

Closing Date: October 31st
Funding: Foundation
No. of awards given last year: 2
No. of applicants last year: 7
Additional Information: Scholarships will be awarded on the basis of the applicant's academic excellence and research potential. An interview with the selection panel may be required.

STANFORD UNIVERSITY

450 Serra Mall, Stanford, CA, 94305-2004,
 United States of America
Tel: (1) 650 723 2300
Website: www.stanford.edu

Stanford University, located between San Francisco and San Jose in the heart of California's Silicon Valley, is one of the world's leading teaching and research universities. Since its opening in 1891, Stanford has been dedicated to finding solutions to big challenges and to preparing students for leadership in a complex world.

John S. Knight Journalism Fellowships

Subjects: Journalism.

Eligibility: U.S. applicants for a Knight Fellowship ideally have at least 7 years of full-time professional experience, international applicants ideally have at least 5 years. But the fellowship program also consider less experienced applicants with outstanding achievements. No college degree is required. It is open to applicants who are full-time journalists; journalism entrepreneurs and innovators; journalism business and management executives.

Type: Fellowship

Value: It provides several financial benefits including stipend of \$65,000 (paid in 10 monthly installments), tuition fee (paid directly to Stanford); books, research and equipment allowance (\$4,000 which may be used for laptops, digital cameras, recorders, software, books, research fees or payments, web design, fees for non-Stanford courses and workshops and travel expenses related to the fellow's innovation proposal); housing supplement (total for the year); child-care supplement; health insurance supplement; moving supplement. For detailed information, please visit website

Frequency: Annual

Country of Study: United States of America

Application Procedure: The mode of applying is online.

Closing Date: December 1st

Contributor: Stanford University

Additional Information: Each year, 20-plus journalists from all over the world come together for 10 months of learning, collaborating, creating and fun.

Postdoctoral Fellowship in Literary Cultures of Muslim South Asia

Eligibility: Candidates must specialize in literary or cultural studies connected to a major language of South Asian Muslim literary production such as Urdu-Hindi, Persian, or Bengali. The position is open to scholars in any historical period. Disciplinary training may be in area studies (South Asia or Near East), anthropology, comparative literature, history, or religious studies. All applicants must have completed the PhD by the time of appointment.

Type: Fellowship

Value: Annual salary of \$55,000-60,000 and health coverage and \$1,500 for research-related expenses

Application Procedure: Application materials must be submitted online at <https://secure.interfolio.com/apply/20918>. Applicants must submit a cover letter, curriculum vitae, one-page description of research plans, and drafts of two course syllabi. Applicants must also arrange for two letters of recommendation to be uploaded directly by the letter writers.

Closing Date: January 15th

Additional Information: The postdoctoral fellow will teach two courses over three academic quarters related to his/her interests, pursue his/her own research, and participate in the activities of Stanford University programs and departments. Review of applications will begin on February 28th. For detailed information, please check website.

THE STANLEY MEDICAL RESEARCH INSTITUTE

8401 Connecticut Avenue, Suite 200, Chevy Chase, MD, 20815,
 United States of America

SMRI is a nonprofit organization that supports research designed to find better treatments for schizophrenia and bipolar disorder. Approximately 75 per cent of its annual expenditures are devoted to the direct clinical testing of new treatments. 25 per cent is earmarked for research on the causes of these illness.

Stanley Medical Research Institute Postdoctoral Research Fellowship Program

Subjects: Psychiatry and mental health-causes and treatment of schizophrenia and bipolar disorder.

Purpose: To attract top-quality scientists to specific areas of research in severe mental illness.

Eligibility: Open to researchers worldwide. Applicants must be a doctorate or equivalent professional and must not be more than 2 years past receipt of their doctoral degree.

Level of Study: Postdoctorate, Research

Type: Research fellowship

Value: Up to US\$150,000 spread over 2 years including indirect costs of up to 15 per cent as part of the total grant budget

Length of Study: 2 years

Frequency: Annual

Country of Study: Any country

No. of awards offered: 1

Application Procedure: Interested applicants must apply online at the website. Detailed instructions for application are available in a printable format (PDF).

Closing Date: January 15th

Funding: Foundation, individuals

Additional Information: Top priority will be given to applications that address the following questions: (1) Synthesis or screening of compounds to be tested against molecular targets identified for severe mental illness (schizophrenia, bipolar disorder, severe depression). (2) Pharmacokinetic and toxicological characterization of potential drugs for severe mental illness. (3) Ethnopharmacology, i.e., discovery or characterization of potentially useful psychoactive compounds from non-Western medical traditions.

Stanley Medical Research Institute Research Grants Program

Subjects: Psychiatry and mental health: causes and treatment of schizophrenia and bipolar disorder.

Purpose: To support researchers at all levels of development in fields related to the cause and treatment of schizophrenia and bipolar disorder, as well as from other areas of medicine and biology who wish to initiate new projects in this field.

Eligibility: Open to researchers worldwide. Applicants must be a doctorate or equivalent professional.

Level of Study: Research

Type: Research grant

Value: upto \$300,000

Length of Study: 2 years

Frequency: Annual

Country of Study: Any country

Application Procedure: Interested applicants must apply online at the SMRI website. Detailed instructions for application are available in a printable format (PDF).

Closing Date: March 1st

Funding: Foundation, individuals, private

Stanley Medical Research Institute Treatment Trial Grants Program

Subjects: Psychology and mental health: treatments for schizophrenia and bipolar disorder.

Purpose: To support researchers and facilitate the direct testing of new treatments for schizophrenia and bipolar disorder. This programme supports projects involving human subjects and testing a therapeutic intervention (medication; device; putative medication including plant substances and nutritional; psychotherapy).

Eligibility: Open to researchers worldwide. Applicants must be a Doctorate or equivalent professional.

Level of Study: Research

Type: Research grant

Value: US\$300,000 per year

Length of Study: 3 years

Frequency: Annual

Country of Study: Any country

Application Procedure: Interested applicants must apply online at the SMRI website. Detailed instructions for application are available in printable format (PDF).

Closing Date: October 1st

Funding: Foundation, individuals

Additional Information: Please check the master list of Stanley Medical Research Institute awarded trials on the website prior to completing the application. If we are supporting trials with the compound you propose, we are unlikely to support an additional trial until results are available.

ETH Zurich Postdoctoral Fellowships

Subjects: The ETH Zurich Postdoctoral Fellowship Program supports incoming fellowships for postdoctoral researchers at the ETH Zurich. Applications have to be made jointly by the candidate and their host who must be an ETH Zurich Professor and who will act as a mentor to the fellow.

Purpose: The program is intended to foster high-potential, young researchers who have already demonstrated excellence in terms of internationally competitive achievements in the early stages of their professional careers.

Eligibility: Eligible are young postdoctoral scientists worldwide, who have been awarded their doctoral degree within 2 years of the relevant submission deadline. The applicants need to have at least one scientific publication in a peer-reviewed journal or have been awarded a prize for their PhD thesis. Exception: Postdoctoral scientists who have obtained a doctoral degree from the ETH Zurich or the University of Zurich cannot apply for this fellowship program. Also not eligible are postdoctoral scientists who performed their main activities (work, studies, etc.) at one of the two institutions for more than 6 months prior to the relevant submission deadline.

Level of Study: Postdoctorate

Type: Fellowship

Value: \$220,000 including full social security, and a lump sum of 20,000 for research and mobility costs for 2 years

Length of Study: 2 years

Study Establishment: ETH Zurich (Swiss Federal Institute of Technology)

Country of Study: Switzerland

No. of awards offered: 30

Application Procedure: Two-step procedure, with a proposal-based preselection and an interview-based evaluation of preselected candidates. Applications will be assessed against criteria addressing the candidate's aptitude, the quality of the proposed research and the synergy with the host lab. Successful applications must be convincing in all respects.

Closing Date: March 1st and September 1st

Funding: Government

Contributor: ETH Zurich and European Union (via COFUND, Marie Curie Actions for People)

No. of awards given last year: 30

No. of applicants last year: 340
