In the original version of the book, the following belated corrections have been incorporated:

In the chapter “Design and Structural Modelling of Surface-Active Timber Structures Made from Curved CLT - Urbach Tower, Remstal Gartenschau 2019”, all the images were published with low quality. This has been updated with high-resolution images.

In the chapter “Mediating Irregularity: Towards a Design Method for Spatial Structures Utilizing Naturally Grown Forked Branches”, the affiliations of the authors Lukas Allner, Daniela Kroehnert, and Andrea Rossi were incorrect. These have been corrected.
