The original version of this chapter was inadvertently published with the below listed errors, which have now been corrected.

1. The term “adductor” was changed to “abductor” throughout the chapter.
2. An incorrect closing parenthesis was corrected in the sentence “Contents include the extensor musculature of the foot ...” in the second paragraph of the section “3. Deep Peroneal Nerve Compressive Neuropathy: Anterior Tarsal Tunnel Syndrome”.
3. Reference citation “(Bhat et al. 2017)” was removed from the sentence “It can be caused by tenosynovitis (Fig. 1) ...” in the eleventh paragraph of the section “2. Posterior Tibial Nerve Compressive Neuropathy: Tarsal Tunnel Syndrome”.
4. While formatting the references as per the series style, a reference citation was missed out leading to incorrect placement of the subsequent citations. The reference citations in the text have now been corrected.
