
Erratum: Primary Liver Cancer

Higinia R. Cárdenes and Foster Lasley

Erratum to:

**Page 171 in S. S. Lo et al., *Stereotactic Body Radiation Therapy*,
Medical Radiology. Radiation Oncology,**

DOI: [10.1007/174_2012_548](https://doi.org/10.1007/174_2012_548)

“In line with the previously described studies, our data further support the safety of SBRT for HCC, with only 13% of all patients with a CTP score ≤ 7 experiencing an increase of < 1 grade in hematologic/hepatic dysfunction. There was a relationship between pretreatment CTP score and development of toxicity in any form ($p = 0.035$) and the occurrence of an increase in < 1 grade in hematologic/hepatic dysfunction ($p = 0.008$).”

Should read as

“In line with the previously described studies, our data further support the safety of SBRT for HCC, with only 13% of all patients with a CTP score ≤ 7 experiencing an increase of >1 grade in hematologic/hepatic dysfunction. There was a relationship between pretreatment CTP score and development of toxicity in any form ($p = 0.035$) and the occurrence of an increase in >1 grade in hematologic/hepatic dysfunction ($p = 0.008$).”
