In the original version of the book, the following belated correction was incorporated: In the Abstract of Chapter 1, the unwanted end period after the word “Asia” in the sentence “While some businesses in Asia. have been swift to embrace the new normal, others have found the disruption to the traditional way of doing business challenging” has been removed. In Chapter 14, Abstract text has been replaced with the updated one. The correction to the book has been updated with the changes.
