

Erratum

Auxin-induced expression of the soybean GH3 promoter in transgenic tobacco plants

Gretchen Hagen, Gary Martin, Yi Li and Tom J. Guilfoyle*

Department of Biochemistry, 117 Schweitzer Hall, University of Missouri, Columbia, MO 65211, USA
(*author for correspondence)

Plant Molecular Biology **17**: 567–579, 1991.

The start of transcription of the GH3 gene as shown by the arrow in Fig. 2 is incorrectly indicated at nucleotide 607. The correct transcription start site is at nucleotide 593.
