

For your reference, below is the complete Table of Contents for the 1995 SAGES Postgraduate Course which appeared in *Surgical Endoscopy*, Volume 9, Numbers 11 and 12.

1995 SAGES Postgraduate Course. I

L.W. Traverso, Course Director

- 1211 Surgical endoscopy—outcomes and costs**
K.A. Forde
- 1211 Introduction**
L.W. Traverso
- 1213 Outcomes in medical care—what are they?**
B.V. MacFadyen
- 1214 Prospective randomized trials in clinical research**
B.M. Wolfe, K.A. Mathiese
- 1216 Utilization analysis and physician profiling—new paradigm,
old paradigm**
P. Caper
- 1220 Moderator’s overview**
C.K. McSherry
- 1221 Cost-effectiveness of laparoscopic and mini-cholecystectomy
in a prospective randomized trial**
J.S. Barkun, J.J. Caro, A.N. Barkun, E. Trindade
- 1224 Laparoscopic cholecystectomy: the Maryland experience**
H.A. Pitt
- 1225 Laparoscopic cholecystectomy: the Mississippi experience**
C.R. Voyles
- 1230 Laparoscopic cholecystectomy in Australia—outcomes
and costs**
D.R. Fletcher
- 1235 ERCP after laparoscopic cholecystectomy**
R.A. Kozarek
- 1240 Laparoscopic transcystic duct common bile duct
exploration—outcome and costs**
E.H. Phillips
- 1242 CBD stones—outcomes and costs: laroscopic transcystic
techniques other than choledochoscopy**
L.W. Traverso, T.S. Roush, K. Koo
- 1244 Static cholangiography vs digital fluoroscopy—
intraoperative cholangiography: benefit and cost ratio**
G. Berci

*1995 SAGES Postgraduate Course. II**L.W. Traverso, Course Director*

- 1306 Surgical endoscopy—outcomes and costs**
K.A. Forde
- 1306 Moderator's overview**
L.M. Nyhus
- 1307 Laparoscopic vs inguinal hernia repairs: outcomes and costs**
L.S. Schultz
- 1311 Open vs laparoscopic hernea repair: analysis of costs, charges, and outcomes**
J.W. Schurz, M.E. Arregui, J.C. Hammond
- 1317 Moderator's overview**
J.A. Coller
- 1318 Laparoscopic colon resection for cancer**
D.M. Ota
- 1322 Laparoscopic vs open colon surgery: costs and outcome**
J. Pfeifer, S.D. Wexner, P. Reissman, M. Bernstein, J.J. Noguerras, S. Singh, E. Weiss
- 1326 Examination of outcome and cost data of open and laparoscopic antireflux operations at Virginia Mason Medical Center in Seattle**
D.E. Low
- 1328 Results of Nissen fundoplication: a cost analysis**
R.A. Hinder, F. Raiser, N. Katada. P.J. McBride, G. Perdakis, R.J. Lund
- 1332 Postoperative complications of anti-reflux surgery: outcomes and costs**
R.A. Kozarek
