

ALEKSANDER GLIKSON

Corrigenda:

*On Solution of the Nonlinear Boltzmann Equation
with a Cut-Off in an Unbounded Domain*

Vol. 47, No. 5, pp. 389–394 (1972)

The following typographical errors should be corrected:

In the last two lines of Sect. 2, replace $\bar{\mathbb{R}}_n$ by $\bar{\mathbb{R}}_0$.

In the second line of the text of Theorem 1(a), in the first line of Part II of the proof of this theorem and in the first line after the inequalities (5), replace

$$\kappa + \varepsilon \text{ by } \kappa^2 + \varepsilon.$$

In the second line of (5), replace $v\hat{f}_1$ by $v\hat{f}_2$.

In equation (8), replace $\{ \}_i^t$, $\{ \}_s^t$ and $\{ \}_\tau^t$ by $\{ \}_i^t$, $\{ \}_s^t$ and $\{ \}_\tau^t$, respectively.

In the seventh line from the bottom of p. 393, replace “free” by “collision”.
