

## Erratum

In Bull Volcanol 55:407-413

Due to an unfortunate printing error on pages 411 and 412, the figure legends were incorrect. The below is correct:

**Fig. 3.** Cumulative areas covered by May and Woodchip primary flows and by breakouts from tubes formed within those flows. A single breakout from the May tube is shown for comparison

**Fig. 4.** Growth of a single breakout in length and area
