

ERRATUM

Correction to 'Electrophoretic Identity and Rapid Detection on Gel Slices of the Alkaline RNase Inhibitor from Several Organs', by W. G. M. van den Broek, M. A. G. Koopmans, and H. Bloemendal in *Mol. Biol. Reports* 1 (1974) pp. 295-298.

The 16th line from top of page 295 should read as follows: ... also prevents breakdown of poly-somes [6, 7, 8] and of nuclear heterogeneous RNA [9]. For this reason the ...
