

## *Erratum*

# **T-antigen is the only detectable protein on the nucleosome-free origin region of isolated simian virus 40 minichromosomes**

**Etienne Weiss, Dipankar Ghose, Patrick Schultz, and Pierre Oudet**

Laboratoire de Génétique Moléculaire des Eucaryotes du CNRS, Unité 184 de Biologie Moléculaire et de Génie Génétique de l'INSERM, Faculté de Médecine, 11 Rue Humann, 67085 Strasbourg Cédex, France

Chromosoma (Berl) (1985) 92:391–400

In the above article, the authors omitted reference to a previously published EM study. It should read as follows:

Harper F, Florentin Y, Puvion E (1984) Localization of T-antigen on simian virus 40 minichromosomes by immunoelectron microscopy. *EMBO J* 3:1235–1241

This omission was due to rearrangements and modifications of the original version of the manuscript.
