

Erratum

Complications of Intertrochanteric Rotational Osteotomy

Skeletal Radiology (1983) 10:258–261

Ethan M. Braunstein, M.D.¹, Barbara N. Weissman, M.D.¹, J. Leland Sosman, M.D.¹, and Michael Drew, M.D.²

Departments of ¹ Radiology and ² Orthopaedics, Harvard Medical School, Brigham and Women's Hospital, Boston, Massachusetts, USA

On page 261, right column, the last sentence should read:

The absence of radiographic changes **does not assure** a successful outcome for rotational osteotomy.
