

ANNOUNCEMENT

PRELIMINARY PROGRAM OF THE ELEVENTH  
INTERNATIONAL WITTGENSTEIN SYMPOSIUM

August 3 to August 10, 1986 in Kirchberg/Wechsel  
(near Vienna)

The general topic of the symposium will be:

RECENT DEVELOPMENTS IN EPISTEMOLOGY AND  
PHILOSOPHY OF SCIENCE

The following sections have been planned

- Section 1: Wittgenstein: His Contribution to Epistemology and Philosophy of Science
- Section 2: Language and Epistemology: Epistemological Standpoints
- Section 3: Philosophy of Mathematics
- Section 4: Methodological Problems of Scientific Disciplines
- Section 5: Theories of Scientific Progress

Papers which are covered by sections 2–5 need not be connected with Wittgenstein's philosophy.

Those planning to attend the conference should contact Dr. Adolf Hübner, A-2880 Kirchberg am Wechsel, Austria (Europe) or Werner Leinfellner, Dept. of Philosophy, University of Nebraska, Lincoln, NE 68588-0321 (North and South America)
