

## *ERRATUM*

# Correlation between Drug-Induced Supersensitivity of Dopamine Dependent Striatal Mechanisms and the Increase in Striatal Content of the Ca<sup>2+</sup> Regulated Protein Activator of cAMP Phosphodiesterase

M. E. GNEGY, A. LUCHELLI, and E. COSTA

Laboratory of Preclinical Pharmacology, National Institute of Mental Health, Saint Elizabeths Hospital, Washington, D.C. 20032, U.S.A.

Naunyn-Schmiedeberg's Arch. Pharmacol. **301**, 121–127 (1977)

In Figure 6A and B the figures at the bottom of the first column on the left (PERCENT OF CONTROL) are wrong. In Figure 6A the bottom figure should have been 70 (percent of control) instead of 0; in Figure 6B the bottom figure should have been 75 (percent of control) instead of 0.
