

Erratum: Studies on the Interaction Between Oxygen and Lead Chalcogenide Surfaces

In this paper [*Oxid. Met.* **9**, 497–506 (1975)] on page 502, the keys defining curves 1 and 2 of Fig. 4 were inadvertently switched.

Thus, the caption to Fig. 4 should read: “Kinetics of the CPD changes for PbTe—in oxygen at 350°C (curve 2) and at 20°C after outgassing at 350°C (curve 1).”

Similarly, the sentence beginning on line 4, page 502, should read: “Figure 4 shows the work function changes accompanying oxygen adsorption on PbTe measured at 350°C vs time (see curve 2) and at 20°C (see curve 1) after its outgassing *in vacuo* at 350°C.”
