

ERRATA

The following errors were noted in the article: ‘Numerical Experiments on the N -Body Problem’, by S. J. Aarseth (*Astrophysics and Space Science* **14**, 20):

p. 24: 3rd line after Equation (6): h' should read: h .

p. 29: in denominator of Equation (20): $|\mathbf{r}^i - \mathbf{r}_j|^3$ should read: $|\mathbf{r}_i - \mathbf{r}_j|^3$.

One error was noted in the article: ‘A Multi-Particle Regularization Technique’, by D. C. Heggie (*Astrophysics and Space Science* **14**, 35):

p. 36: in denominator of equation before Equation (5): $\eta|\mathbf{x}|$ should read: $\eta|\ddot{\mathbf{x}}|$.

Some errors were noted in the article: ‘Direct Integration Methods of the N -Body Problem’, by S. J. Aarseth (*Astrophysics and Space Science* **14**, 118):

p. 120: in denominator of Equation (7): $\frac{1}{6}F_0$ should read: $\frac{1}{6}\ddot{F}_0$.

p. 127: first line in Equation (38): $\mathbf{R} = \mathcal{L}u$, should read: $\mathbf{R} = \mathcal{L}\mathbf{u}$.

p. 129: line 5 from bottom: for all j, k, l should read: for all $j \neq k, l$.
