Kinetics of Oxidation of Ferrous Alloys by Superheated Steam*

Nicholas J. Cory and Thelma M. Herrington

The Location of Hydrogen in the Kinetics of Oxidation of Ferrous Alloys by Superheated Steam†

Nicholas J. Cory and Thelma M. Herrington

The work described in the two papers listed above was supported by the Harwell laboratory of the UKAEA under a CASE arrangement with Reading University; the funding was provided by SERC under the terms of the CASE award scheme with a financial contribution from the underlying program of the UKAEA.
