

## **Erratum: Heat Flow Between Nuclei and Conduction Electrons in Metals at Very Low Temperature\***

**Georg Eska**

*Physikalisches Institut, Universität Bayreuth, D-8580 Bayreuth, Germany*

There is an error in (8) that should be mentioned. Equations (8a) and (8b) should read as follows:

$$\hat{\beta}_n = (\beta_e - \beta_n) / \tau_{ne} - \beta_n \hat{\beta}_1 / B_1 \quad (8a)$$

and

$$\hat{\beta}_N = (\beta_E - \beta_N) / \tau_{NE} - \beta_N \hat{\beta}_2 / B_2 \quad (8b)$$
